Public Perception

Season 2011/2012 is the 88th season of volunteer life saving patrols for the affiliated clubs of SLSQ Point Danger Branch. In this season our members were responsible for saving 240 lives by performing extraordinary rescues and resuscitations.

Surf Life Saving Queensland Point Danger Branch is the regional entity that exists to support eleven affiliated clubs from Rainbow Bay to Tallebudgera.

This season we had 6,229 members protecting our beaches, teaching our nippers, competing in surf sports, learning life saving techniques and dedicating their time to the safety of the bathing public.

Our vision is to ensure that the beaches of Point Danger Branch are a safe, secure and enjoyable environment for members and visitors. We achieve this through leadership, membership, development and the recognition of providing an essential service to the Gold Coast community.

Our key strategies are to prevent, respond to and report on rescues, to conduct member development and promote the ethical and professional behaviour of our volunteers.

It is essential to the well being of the beach going public that we are able to identify risks before they develop into tragedies. Working with the community is essential to this, and as such the prevention of incidents and accidents is paramount to what we do.

In season 2011/2012 our life savers collectively performed 7,114 preventative actions and warned 10,764 people.

Throughout its 88 years of service to the community and its clubs—Point Danger Branch has been privileged to have some of the greatest lifesavers in history counted as Life Members.

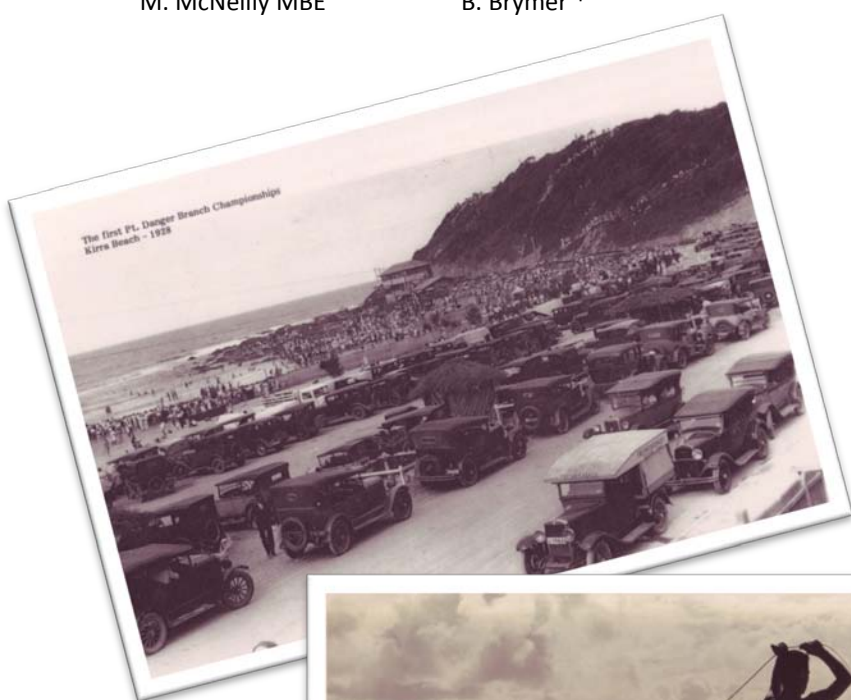

Life Membership is a privilege bestowed on few. Only those rare individuals that dedicate themselves tirelessly have been awarded this honour. Our Life Members are great for many reasons—lifesaving, surf sports, administration, nippers and of course—dedication

The Life Membership list of Point Danger Branch is carved from greatness; it includes those men and women whose dedication to lifesaving goes far beyond the realms of the association.

Combined, these members have personally coached, mentored, trained and advised countless numbers of members and clubs.

Point Danger Branch was built on the backs of the men and women on this list.

These are individuals who show no wish for personal recognition or reward. They have not and do not seek these entitlements but the community and lifesavers Australia wide owe this to them

The 2011/2012 season posed a number of challenges for Point Danger Branch as it continued to improve its provision of operational and administrative services. In meeting these challenges the Branch acknowledges the ongoing and professional contribution made by the members of affiliated clubs. During the season we maintained a firm commitment to our frontline life saving strategies. This included pro active life saving policy's, underpinning a professional capability in matters of rescue and providing a firm commitment to member development and an ethical and professional life saving service.

In season 2011/2012 the clubs collectively oversaw the safety of 604,818 visitors to our beaches (an increase of 75,818 on season 2010/2011). The level of care and courtesy our members have shown to the beach going public has steadily increased with each season. This in turn saw an increase in community confidence as they utilised the many beaches within Point Danger Branch.

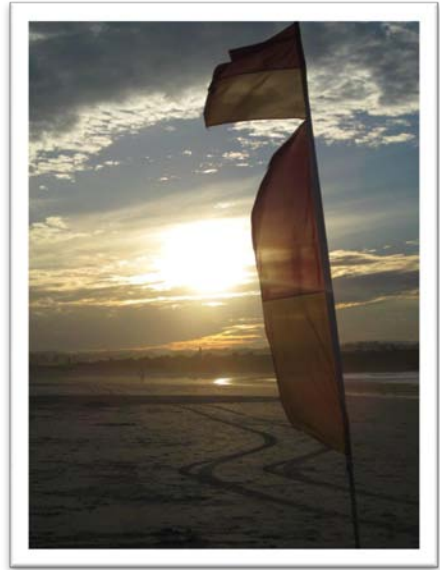

Point Danger Branch's commitment to priorities support both the Point Danger Branch strategic plan and the Surf Life Saving Queensland Vision *"Surf Life Saving Queensland exists to save lives, develop practices in education, prevention, emergency care and rescue, and ultimately to meet our vision of 'zero preventable deaths or injuries on Queensland beaches'."*

Our clubs, volunteer lifesavers, support members and staff combine together to continue in working towards the ideals of surf life saving in an exigent and ever changing environment. In responding to the challenges of providing a contemporary lifesaving service, Point Danger Branch, in consultation with its clubs, has maintained a firm commitment to its strategic objectives. We identified annual strategic priorities – areas where new emphasis, funding or attention to outcomes was needed.

SIGNIFICANT ACHIEVEMENTS

- Our clubs performed 7,114 preventative actions on the beach and provided water safety advice (preventative actions) to a further 10,764 people at a time when our beaches saw an increase in visitors of 75,818 to give a total of 604,818
- Our membership has increased from 5,826 to 6,229
- Importantly, our nipper membership increased from 2,044 to 2,227
- Training and education of our members saw an increase in structured courses run and awards gained from 3,727 to 4,596
- Achieved a financial surplus of \$18 984.00 at the end of the financial year 2012
- This Branch successfully negotiated the initiation and introduction of the Sizzler Oceans 38 Battle of the Beaches Premierships Series and maintains it's role as the managing partner.

- Of particular note, Point Danger Branch, after a detailed submission and extensive negotiation, were successful in securing support by way of financial grant from Sport & Recreation Queensland to the amount of \$104000.00 per annum for three years. This in turn saw the Branch employ two full time staff members, who during the past season have
 - Conducted Schools Talks at local schools – reaching 18 schools and 6228 students
 - Held CPR courses for nippers – teaching over 60 nippers in this award.
 - Oversaw the inaugural Youth Development “Team XTreme” Program which had 30 members who collectively gained 102 awards
 - Facilitated fundraising BBQ’s with the Gold Coast Titans

ESTABLISHMENT OF ‘KEY PARTNERSHIPS’

SLSQ Point Danger Branch recognises and acknowledges the benefits in initiating and maintaining partnerships, not only with the general community, but also with other organisations. In particular, the importance of establishing partnerships with associations and organisations that pose a similar public profile and alliance with the community.

This Branch also recognises the potential benefits such partnerships can provide to both entities alike.

During the season Point Danger Branch was successful in initiating, planning and leading a strategic partnership with the Gold Coast Titans Football Club.

This formal partnership is underpinned by documented terms of agreement by both parties and achieved the following outstanding results:

- Recognition of life saving at home games
- Fundraising opportunities
- Media opportunities
- Support of club events

CHALLENGES FOR 2012/2013

This Branch, whilst acknowledging the many changes in the social, economical and political environment, possesses a supportive and robust frame work to meet the many demands of the forthcoming season.

Perhaps, when looking at the unique and emerging issues, our need to comply with current legislation such as the ‘Work Place and Safety Act 2011’ and meet the current operational achievements/demands, in a time of economic uncertainty, identifies some of the challenges that lie ahead for the members that drive the success behind the Point Danger Branch mantle. To all those members, thank you.

DELIVERY OF CORE SERVICE

SLSQ Point Danger Branch is committed to the safety of the public whilst they are enjoying our beaches. This was achieved through the adherence to procedures and protocols in the prevention and response to emergency situations. Our clubs have focused on the delivery of our core service by dedicating time to the continued development of our members and also the improvement of life saving strategies.

Futuristically, it is essential that the clubs of Point Danger Branch retain their focus on the delivery of our core service and ensure that they retain the capacity to respond to rescues, prevent incidents and accidents and conduct member development initiatives. This can be achieved through a number of programs including

- Increase in available training and education courses for members
- Assisting the clubs in obtaining rescue resources and equipment
- Provision of workshops, meetings for shared information and team building

As a Branch we continue to be guided by our performance indicators to determine our capacity and strength. We track our success or otherwise by recording and analysing our rate of rescues, preventative actions, people warned and further track our rate of membership retention and growth in conjunction with skills learned and awards gained by our members.

SURF SPORTS

Point Danger Branch continues to be the driving force behind the Sizzler Oceans 38 Battle of the Beaches Premiership Series. This has continued to grow in recent seasons, with the addition of surf boat events and a round of events held on Sunshine Coast. This series attracts more competitors each season from a wider number of clubs. The returns from this series allow the Branch to dedicate money to essential life saving services and support for our clubs and members.

The Point Danger Branch representative team continues to go from strength to strength with an increase in competitors submitting their names for consideration each season.

Significant achievements for the team were

- Winning the All Age Relay
- Increase in placing's in both pool rescue and water events
- Continued support from long term sponsor Ocean Kayak and new sponsorship from Carrara Markets

Junior Surf Sports in Point Danger Branch continues to gain energy with the Branch hosting four events each season. Each club was represented at the Branch Championships with results being more even across all clubs. Point Danger Branch clubs were well represented at the QLD Junior Championships at Maroochydore with a number of Gold Medals achieved by our young competitors.

The officials program of the Branch improves each season. The Branch has

- Held two course per year for new officials
- Conducted talent identification occurring throughout the season to ensure that our officials are given the opportunity to attend Level 2 and 3 courses.
- Maintained a system where regular reminders are sent to new officials to complete their accreditation
- Focused on encouraging younger officials to attend the courses and carnivals.

MANAGEMENT OF FISCAL POLICY

At the end of the 2011/2012 financial year Point Danger Branch was in a sound position achieving an operating surplus of \$18,984.00

We have been able to maintain our funding arrangement with the Gold Coast City Council and in turn pass on money to our clubs.

This season has seen a dramatic change in the Branches financial status with the provision of \$312,000.00 over a three year period for the employment of our Development Officers. Point Danger Branch is one of the few organisations in Queensland to gain this funding.

The Branch has continued to source funding and we have again been fortunate to gain funding from many areas to fund our programs. Funding gained includes

FUNDING	AMOUNT	ITEM
DES/SLSQ	\$2500.00	Life Saving Equipment
Jann Stuckey MP	\$1500.00	Rescue Board
Karen Andrews MP	\$250.00	Annual Awards
Michael Hart MP	\$500.00	Annual Awards
GCCC	\$70400.00	Life Saving Services
Ocean Kayak	\$5000.00	Interbranch Team
Carrara Markets	\$2500.00	Interbranch Team
Gambling Community Benefit Fund	\$13000.00	IRB
Sport and Recreation QLD	\$104000.00	Development Officers

CORPORATE AND OPERATIONAL GOVERNANCE

Point Danger Branch has continued its focus on operational and corporate governance, always aiming for continuous improvement in our clubs and members. Considering the needs of our clubs, the changing environment and necessary policies and legislation, Point Danger Branch works to refine its systems and strategies to address and meet the current changes in legislation and to maintain an ethical and professional approach to life saving.

To assist the clubs in maintaining compliance the Branch has continued its operational governance by conducting reviews on clubs including patrol hours input analysis, patrol roster reviews, blue card reviews (including office bearers, Assessors and Officials) and AGM notice/minutes review. We have included this season an analysis on awards gained/held to assist clubs in determining their training needs.

STRATEGIC PLAN

The Branch continues to monitor its progress in conjunction with our Strategic Plan. Regular reporting against this plan occurs throughout the season at both Executive and Council level.

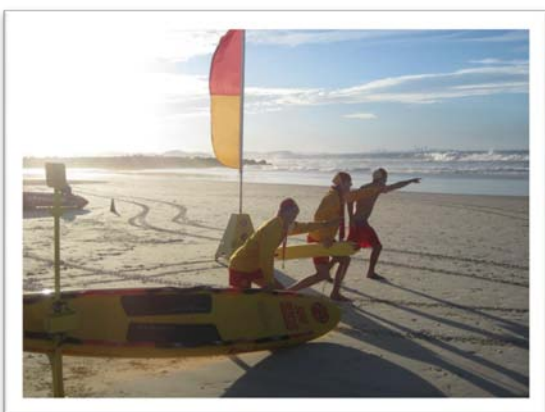

The strategic plan was written with the input of the clubs and the Branch strives towards its goals to ensure the future direction and development of the Branch and its clubs.

Under the SLSQ Point Danger Branch strategic plan our main objectives as they relate to our clubs are

- To support clubs to upgrade facilities
- To support clubs to gain equipment
- To support clubs to gain relevant training opportunities and educate members
- To develop athletes
- To conduct events that promote participation
- To develop volunteers to support activities

The Branch is proud to report that each of the above objectives has been met throughout the season and we continue to work with the clubs and members towards these ideals and serve to support our strong commitment to managing organisational risks.

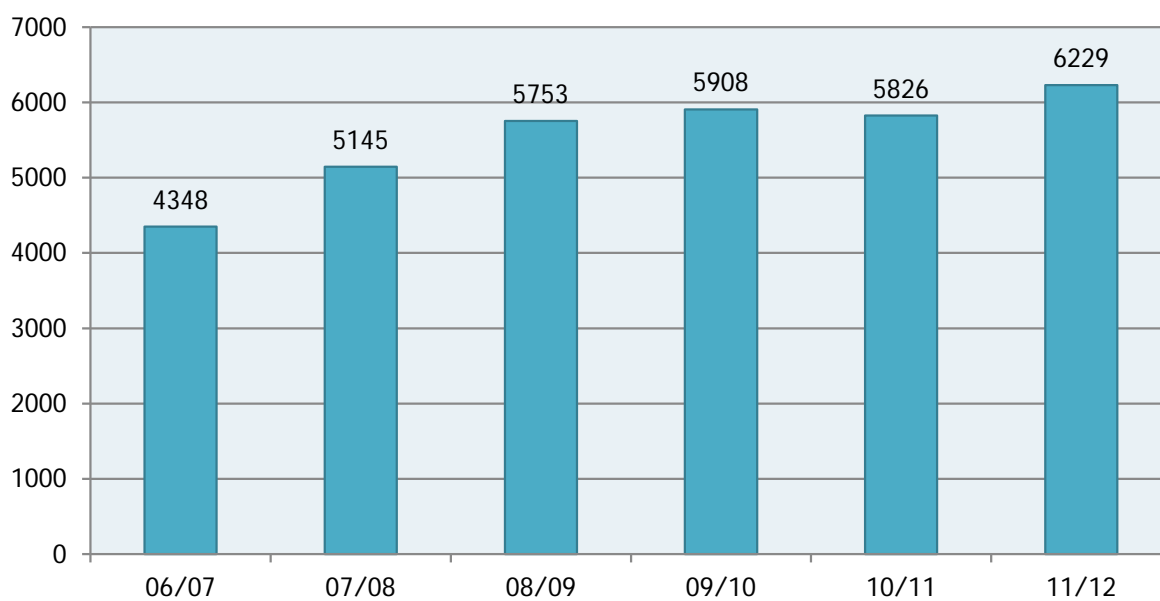

The current strategic plan will have to be revisited in the coming season in consultation with our clubs and members.

MEMBERSHIP

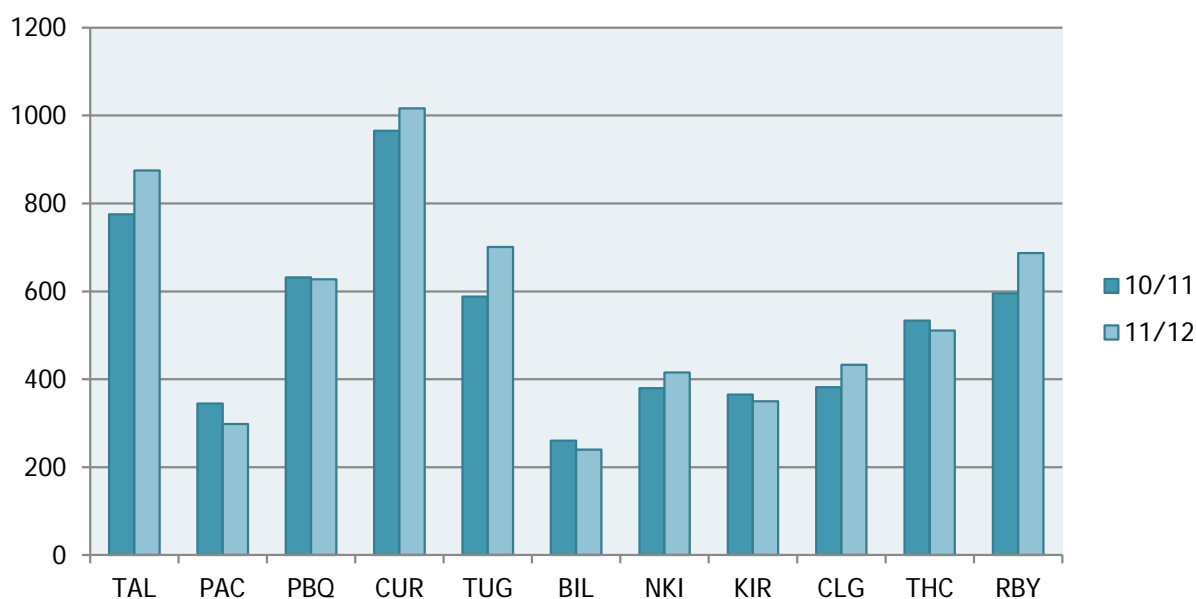

Point Danger Branch has experienced membership growth after a slight decrease last season. In season 2011/2012 total Branch Membership is 6229, this is a total increase of 403 members (6.2%) and the highest membership the Branch has ever experienced. It should be noted that Point Danger Branch is one of two branches in the State to show an increase in membership in season 2011/2012.

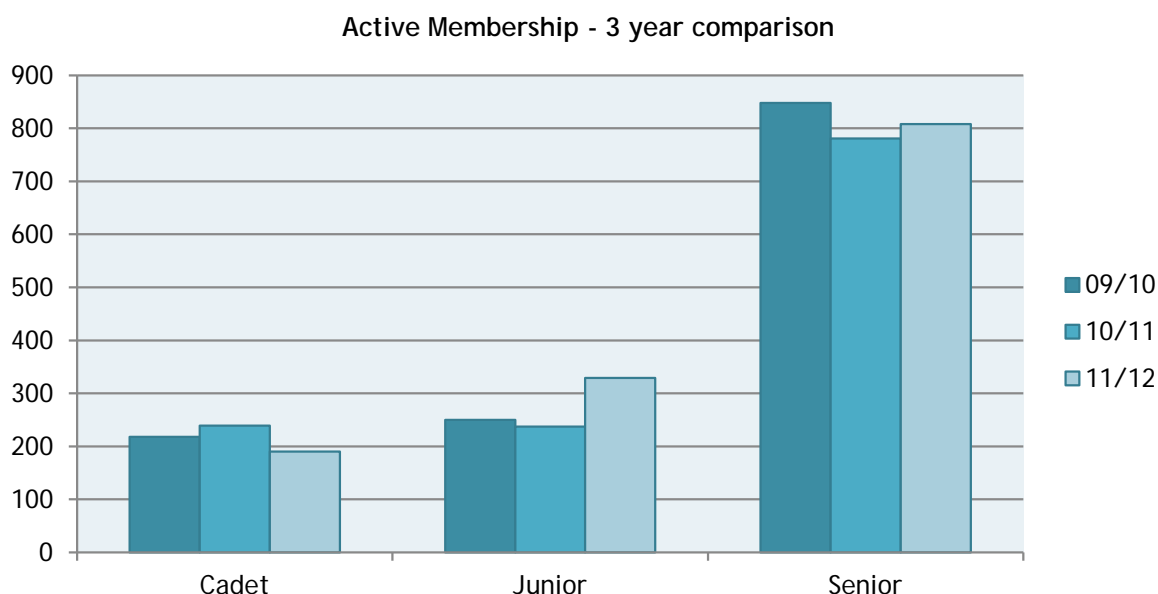

Membership Total – 6 year comparison

Whilst the overall membership of the Branch has increased, some clubs have shown a decrease in membership from season 10/11 to 11/12. Pacific, Palm Beach, Bilinga, Kirra and TH&C have all posted slight decreases on last season's membership numbers. All other clubs have shown an increase in membership numbers with Tugun showing the highest increase of 113 members.

Club Comparison 10/11 - 11/12

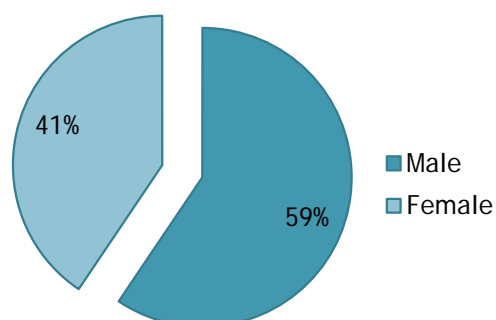

Active Membership has shown an overall increase of 70 members from season 2010/2011. Both the Active Senior and Active Junior categories have shown an increase (27 and 92 member increase respectively). Active Cadets have shown a decrease of 49 members across the Branch.

There have been some changes to the other active categories that participate in patrol. The following statistics can be noted

- Long Service Membership has decreased from 279 to 277 members,
- Reserve Active membership has decreased from 15 to 7
- Award membership has increased from 65 to 72.

All of these categories are important to our clubs as these are active categories that assist with patrols.

The statistics as they relate to the gender of our members remains the same as last season with 59% of the membership being male and 41% female. In total there are 3703 male members (an increase of 291 members on last season) and 2526 female members (an increase of 112 members). Male members show a higher number in all categories except the Under 10 nipper age group.

Branch Membership

Season 2011/2012 was the second season that Point Danger Branch accepted financial members. This initiative was created through a need for members with skills, knowledge and passion for life saving to be able to contribute to the association but no longer wished to be members at a club level. In season 2010/2011 the Branch had 6 members and this has increased to 10 members. All of the members of the Branch contribute to the association in a number of capacity's including officiating, patrolling and holding committee positions within the Branch.

LIFE SAVING SERVICES

The eleven affiliated clubs and their active membership have again worked hard this season to ensure that our collective goal of saving lives and ensuring no lives lost on our beaches has been achieved. It should be noted that this season there were some significant rescues on our beaches that resulted in our life savers performing resuscitation and defibrillation on members of the public.

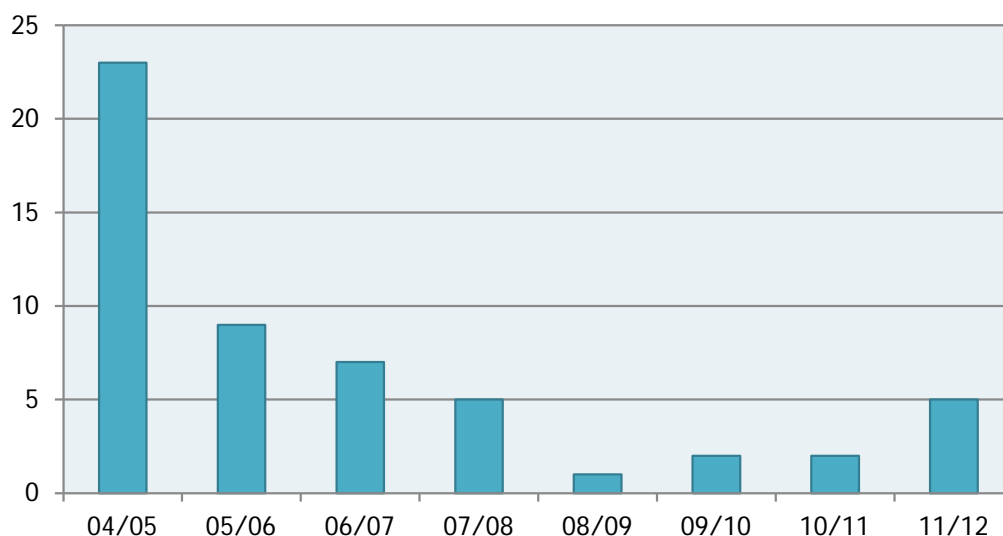

BEACH	INCIDENT	MEMBERS
Rainbow Bay SLSC 16 th October 2011	Collapsed man in park adjacent to the club. Resuscitation performed	Dave Woodall, Bill Roberts, Mick Moroney, Tim Mackay
Coolangatta SLSC 01 st January 2012	Collapsed man in the water. Resuscitation performed	Stuart Hogben, Rick Van Kampen, Kath Walsh, Jeff Walsh, Russell Zahn
Kirra SLSC 02 nd January 2012	Man collapsed in water. Resuscitation performed	Peter Flannery, James Callaghan, Joel Kinneally, Mark Schaffer, Scott Byrnes, Ivo Garofalo, Kevin Dunn, Laurie Cavill
Rainbow Bay 24 th March 2012	Resuscitated man who had collapsed on the beach	Dave Woodall, Kylie Maclean, Danny Putland, John Murray

Further, the skills our members have learned with lifesaving have contributed to saving lives away from the beach.

VENUE	INCIDENT	MEMBERS
Logan Hyperdome 21 st November 2011	Shopper collapsed and stopped breathing, Resuscitation and defibrillation was administered	Jamia Brothers (North Kirra SLSC)
Lennox Head 04 th January 2012	Young girl was rescued from a rip at Lennox Head	Demi Meredith (Coolangatta SLSC)

PATROL AGREEMENTS

Each season our clubs sign a patrol agreement in relation to service delivery to our beaches. These agreements are monitored closely and liaison occurs with clubs should there be any default of these agreements. The Branch has a strict system as it relates to patrol breaches. This season there has been 5 patrol breaches recorded in Point Danger Branch. This is an increase of 3 breaches on season 10/11.

The Branch has been working with clubs to alleviate the issues that have occurred and turn into patrol beaches. In conjunction with the clubs, the Branch will be commencing a new initiative in season 2012/2013 by holding Patrol Captains workshops to inform all of the Club Patrol Captains of the components of the patrol operations manual and any other changes that may be implemented throughout the coming season.

The Branch continues to conduct regular reviews on patrol logs, patrol hours input, ATV/4WD awards. We continue to monitor patrol rosters and advise clubs on the awards that their patrol groups need to ensure maximum strength. These reviews will continue into the future for the clubs to use as a tool to ensure compliance to the SLSQ Patrol Operations Manual.

LIFE SAVING FUNDING

Again the clubs of Point Danger Branch have been proactive in applying for funding through the SLSQ/DCS Sustainability and More Beaches Under Guard funding. Nine clubs plus the Branch were successful in gaining funding. Collectively the clubs gained \$86,410.00 in funding. This was a decrease of \$51,420.00 from last season. The Branches portion of this funding was used to purchase nasal canulars and epi pen training kits for the clubs.

Our thanks to the Queensland Government and Surf Life Saving Queensland for their support.

PATROL CLUB OF THE YEAR

There have been some slight changes to the Patrol Club of the Year Competition with an overview of the patrol and first aid room inspection score sheets and an increase in inspections for the clubs. The award is indicative of the overall strength of the club both on the beach and in the administration of their patrols.

The Honourable Jann Stuckey MP has supported this award for the past 6 seasons and her generous donation has allowed us to purchase a new rescue board for each of the winning clubs. Our thanks are extended to Minister Stuckey for her continuing support of life saving in Point Danger Branch.

Again, it has been pleasing to note that most seasons a different club has won this award which showcases the strength and improvement of patrols in the Branch by all clubs. Previous Winners are

- 06/07 Kirra SLSC
- 07/08 Coolangatta SLSC
- 08/09 Currumbin SLSC
- 09/10 North Kirra SLSC
- 10/11 Kirra SLSC

Our congratulations to Kirra SLSC on winning the Patrol Club of the Year in the previous season.

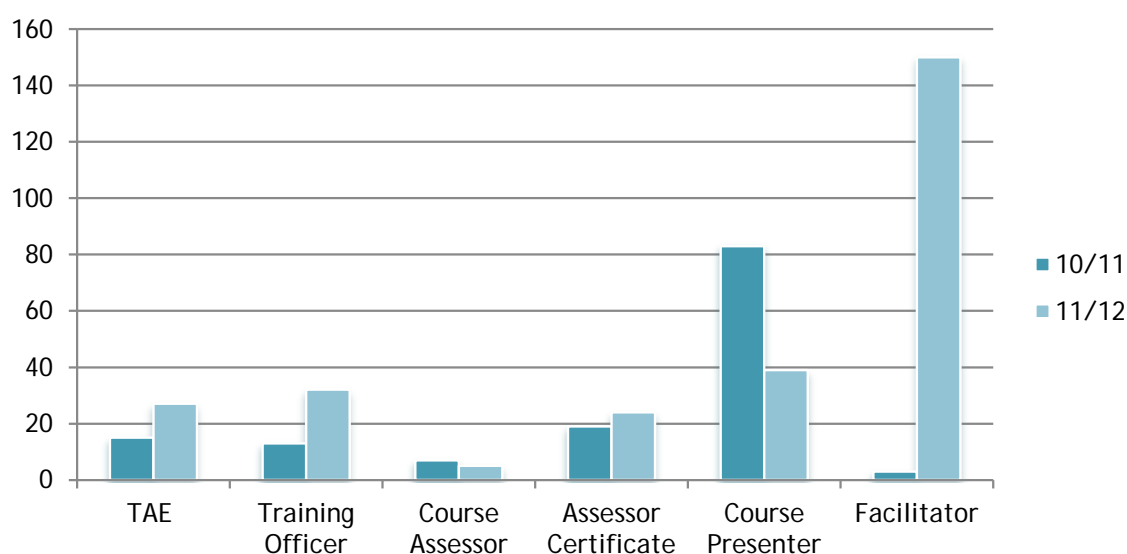

TRAINERS AND ASSESSORS

Training and Assessment has changed dramatically in the last season with adjustments made to the necessary prerequisites needed to gain these awards. Point Danger Branch has been hands-on in the presentation of these awards, holding courses specifically for our members. Further, the Branch has commenced running workshops specific to individual awards to keep our trainers and assessors informed of new resources and how to use them. These workshops have been received well with members attending in large numbers. The Branch continues to ensure the proficiency of all of our trainers and assessors in CPR by including this into the annual Trainer and Assessor Proficiency.

Again our focus has been on increasing the number of Trainers and Assessors available to the clubs to assist in delivering education to our members. In season 2010/2011 15 members attended the Skills Trainer Course (the necessary prerequisite course to becoming a training officer). This increases in season 2011/2012 with 27 members successfully completing this course.

Thirty Two members received training officer awards. Twelve of these members are new trainers and twenty were members who were Training Officers previously and upskilled to train a different award. There was a slight decrease in members who successfully gained the Course Assessor award however there was an increase in assessors overall (5 members). This season saw a slight decrease in Course Presenter awards and a huge increase in facilitator awards (this is due to an update of all members' awards in line with SLSQ requirements)

Assessor and Trainer Comparisons 10/11 to 11/12

Point Danger Branch continues to recognise and reward our trainers and assessors for the commitment and dedication they have shown to the Branch and its clubs. The following Assessors and Trainers have gained recognition for Assessor and Trainer Long Service Awards

PATROL STATISTICS

There has been a decrease in rescues from 280 (10/11) to 240 (11/12). The Inflatable Rescue Boat was the most popular form of rescue equipment this season with 26.25% of all rescues performed using this piece of equipment.

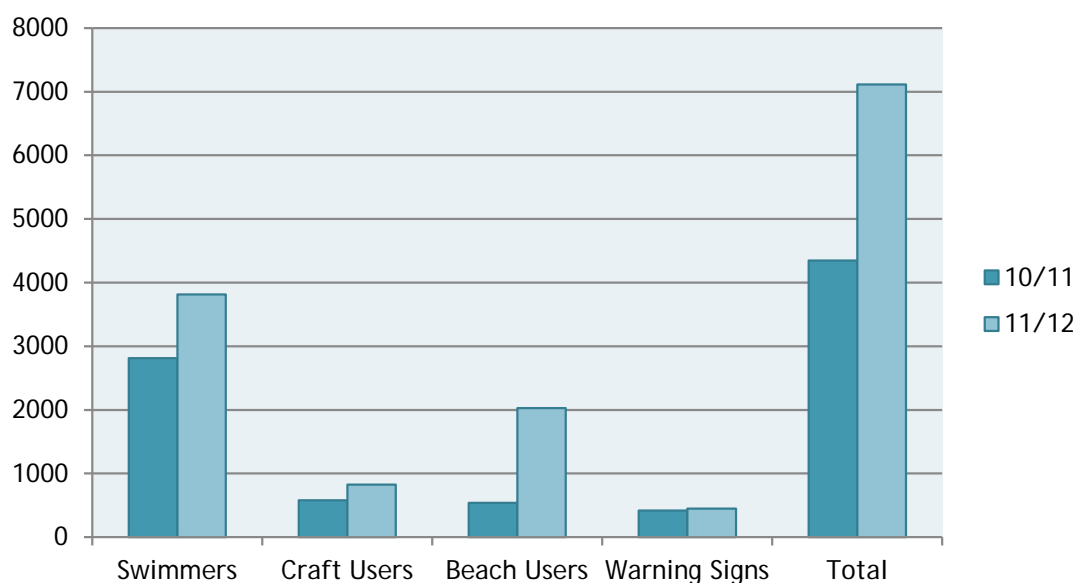

EQUIPMENT	RESCUES PERFORMED	%TOTAL RESCUES
IRB	63	26.25%
Rescue Board	56	23.33%
Rescue Tube	52	21.66%
No Equipment	33	13.75%
Body Board	15	6.25%
Other	11	4.58%
RWC	10	4.16%

It is imperative to our continuing service on the beach that we note the activity of people at the time they need to be rescued. This allows us to better place our resources, both human and non human in strategic areas on the beaches. This season most rescues were performed on people who were swimming (compared to last season the highest rescue rate was for those who were surfing).

Activity When Needing Rescue

Preventative Actions are essential in our patrolling activities. This season there has been a large increase in preventative actions (7,114 in total)which has resulted in a decrease in rescues. There was an overall increase of 2,765 preventative actions from season 2010/2011.

In recent seasons clubs have lodged statistics in relation to “people warned”. This season our life savers warned 10,764 beachgoers in total. 7,384 of these were swimmers, 1,312 were craft users and 2,068 were beach goers. This is an increase of 4,214 people warned from season 2010/2011.

TRAINING AND EDUCATION

In recent seasons the Branch has set itself a challenge to increase training opportunities to members and clubs. This has been achieved successfully in season 2011/2012 with an increase in courses available, course facilitators and members attending

This season the Branch added a number of marine licence courses to the calendar to assist clubs and members to gain the necessary prerequisites for IRB Drivers awards. This initiative saw over 30 members gain this much needed accreditation. Further, the Branch also organised members to gain the Certificate IV in Workplace, Training & Assessment through an education company on the Gold Coast. The Certificate IV courses are essential to the ability of clubs to be able to facilitate courses and train their members.

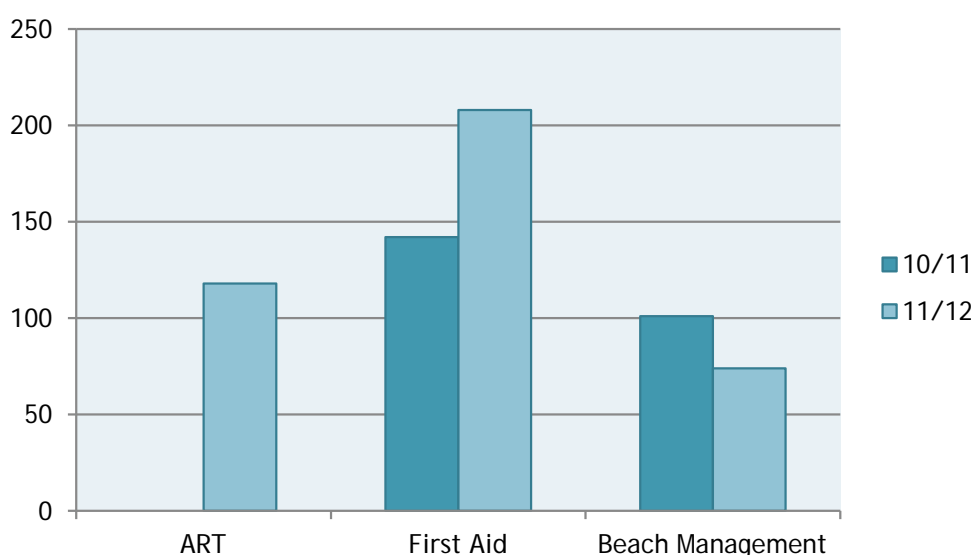

The training and delivery of our awards is constantly changing, the recent initiative of the Branch to keep up with this involves running workshops that focus on updating trainers and assessors in the new resources available to them to train the life saving awards. These workshops have been an outstanding success, with workshops numbers being filled

within one or two days of announcing the courses. These workshops ensure that our trainers and assessors are current and are using the most up to date resources to train our members. This season there was a change in the ARC and Defibrillation awards. These awards became “historic” and were replaced with the Advanced Resuscitation Techniques award. The branch ran a number of upgrade courses to ensure our members and clubs were compliant in the current techniques. To date 118 members have gained the new award. We also have 7 Training Officers, 4 Assessors and 17 Facilitators in the new award and we are continuing work on gaining new Trainers and Assessors.

In season 2011/2012 there was an increase of 31.73% in First Aid awards gained by our members (142 – 208). This course is the most popular course run at Branch level. To assist further with the running of these courses the Branch has been active in identifying club members who can teach this award and working with them to gain the necessary training officer and assessor awards.

Specialist Awards Gained 10/11 – 11/12

The clubs have been enthusiastic in conducting courses in ATV Operators, Tractor and 4WD Inductions. As all of our clubs have at least one of these vehicles, it is a matter of compliance to ensure that all members driving the vehicles have been appropriately inducted.

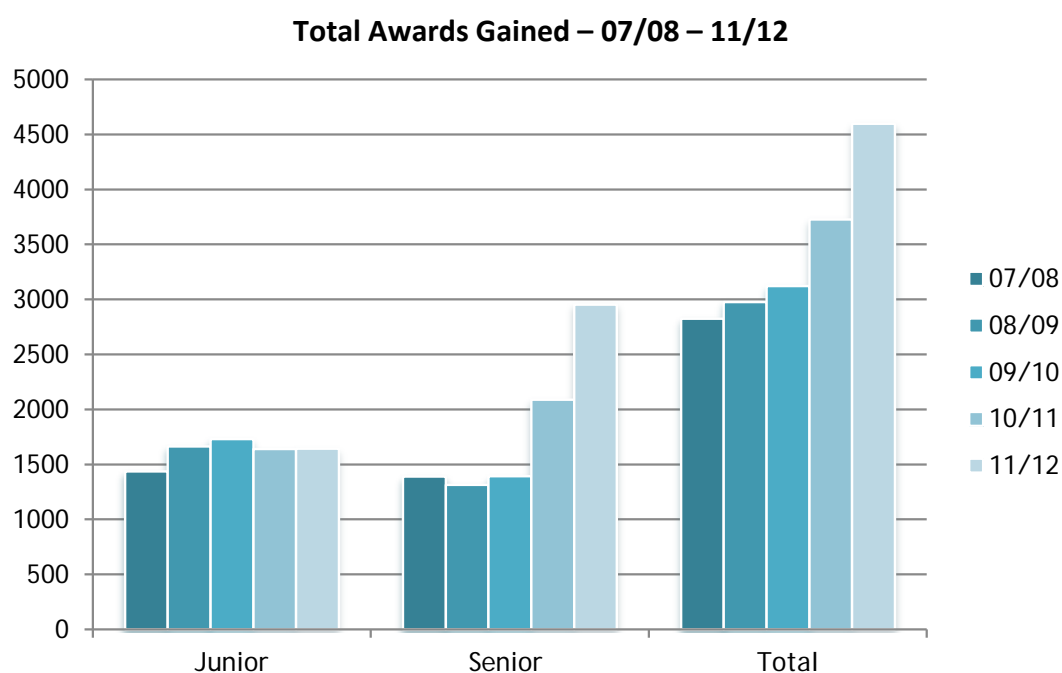

There has been a huge increase in the number of awards gained – overall an increase 84.73% in ATV Operator, 32.5% in 4WD Induction and 84.59% in Tractor Induction.

ATV Operator	380	4WD Induction	80	Tractor Induction	318
Course Presenter ATV	6	Course Presenter 4WD	13	Course Presenter Tractor	16

Overall, Point Danger Branch and the eleven affiliated clubs have excelled in awards gained for season 2011/2012. A total of 4,596 awards (including junior awards) have been gained across the Branch. This is an increase of 18.98% (869 awards in total) from season 2010/2011. Of these awards, 2,954 were senior awards (increase of 867) and 1,642 were junior awards (increase of 2).

Comparisons of the last 5 seasons have shown that the Branch has increased awards gained in each season.

Full details of awards gained are listed in the appendices.

In overviewing the core lifesaving awards we can note the following for season 2011/2012

AWARD	ANALYSIS
Advanced Resuscitation Techniques	This is a new award on the lifesaving scope. To date 118 members have successfully gained this award
Bronze Medallion	In season 2011/2012 there was a slight increase of 17 Bronze Medallions gained - 303 (10/11) and 320 (11/12)
Apply First Aid	First Aid Courses are proving to be the most popular in the Branch with 208 members in total gaining this award. An increase of 31.73% on last season.
IRB Crewman	An increase in this award for the first time in 3 years. 108 members gained this award in 11/12 compared to 56 in 10/11.
IRB Drivers	After some Branch run Marine Licence courses members were eligible to train for IRBDC. There has been an increase of 23 members gain this award
Radio Operators Certificate	Always a popular award for youth members to gain before their Bronze. 393 members gained this award compared to 314 in 10/11
Surf Rescue Certificate	Surf Rescue Certificate have remained static in recent years with only a slight increase of 4 members gaining this award in season 11/12.

With the momentum of awards continuing in the Branch, the calendar and planning for future seasons reflects the demand the clubs have for this training. It is essential as an organisation that our members are proficient in the latest techniques in lifesaving and endeavour at all times to “cross skill” themselves, for their own and the bathing community’s benefit.

Year round training has become paramount in our schedule to ensure that members are skilled for the start of the season. This initiative also helps alleviate the burden on clubs during the summer seasons when patrols become the priority.

SURF SPORTS

Point Danger Branch hosted a number of events in season 2011/2012 both in this Branch and in other regions. The Branch ran the following events throughout the season

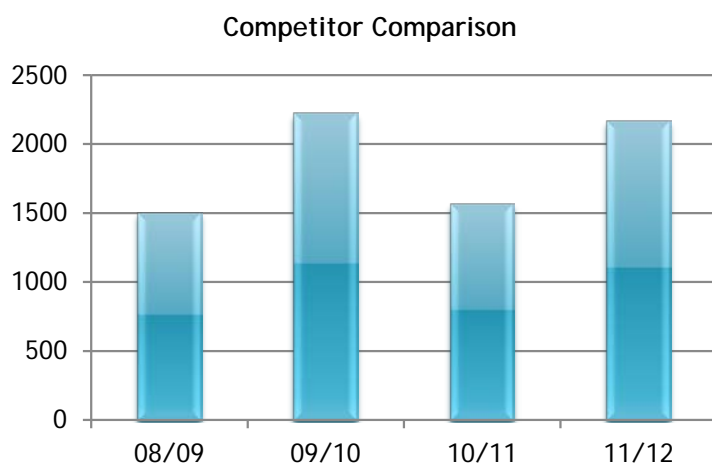

- PDB U8-U10 Teams Carnival @ Currumbin SLSC
- Little Dudes Carnival @ North Kirra SLSC
- Interbranch Carnival @ Somerset Pool/Kirra SLSC
- Sizzler Oceans 38 Round 1 @ Dicky Beach SLSC
- PDB Surf Rescue Championships @ Tugun SLSC
- Sizzler Oceans 38 Round 2 @ Broadbeach SLSC
- Sizzler Oceans 38 Round 3 @ Kirra SLSC
- PDB U11-U14 Championships @ Coolangatta SLSC
- PDB U8-U10 Carnival @ Kirra SLSC
- SEQ R&R Championships @ Tugun SLSC
- Gold Coast Championships @ Tugun SLSC

Liaison with key stakeholders is paramount in the successful execution of any surf sports event. As such, the Branches relationship with Gold Coast City Council (Lifeguards and Special Events), Queensland Police Service (Major Events) and SLSQ remains positive. There will be a number of changes occurring in the surf sports area in season 2012/2013. One of the major changes will be the introduction of high visibility safety rash shirts for all competition. This initiative will be introduced Australia wide for all competitors.

Season 2012/2013 will also see some changes to the events run by Point Danger Branch. For some years now the Branch has combined the senior championships with South Coast Branch under the title "Gold Coast City Titles". Point Danger Branch will be running its own carnival this season for our clubs only.

SIZZLER OCEANS 38 PREMIERSHIP SERIES

Season 2011/2012 saw the 4th season of Sizzler Oceans 38 Premiership Series and the commencement of a new 3 year contract with Sizzler. To further the scope of this event, Sunshine Coast Branch are now a partner and an event is able to be held on the Sunshine Coast. The Sizzler Oceans 38 Premiership Series continues to be the only series in Queensland that offers prize money to clubs and is now the premier event on the summer calendar (excluding State and Aussies).

The Oceans 38 Group continued its partnership with the ASRL (QLD). A new format was introduced this year which was to award valued prize money across a multitude of surf clubs rather than one winner takes all.

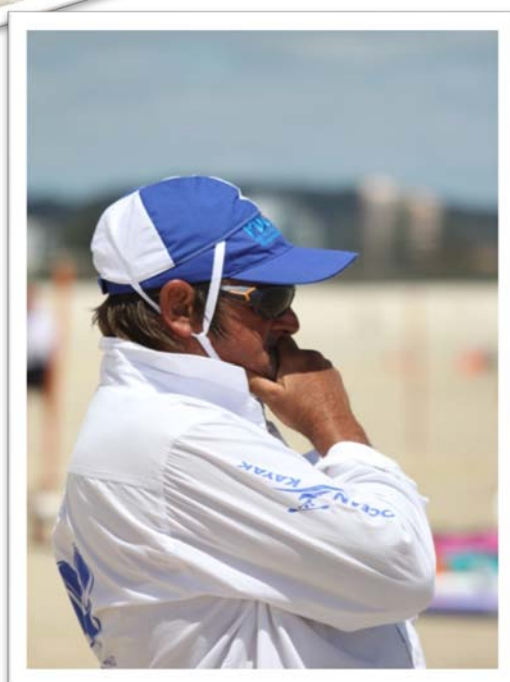

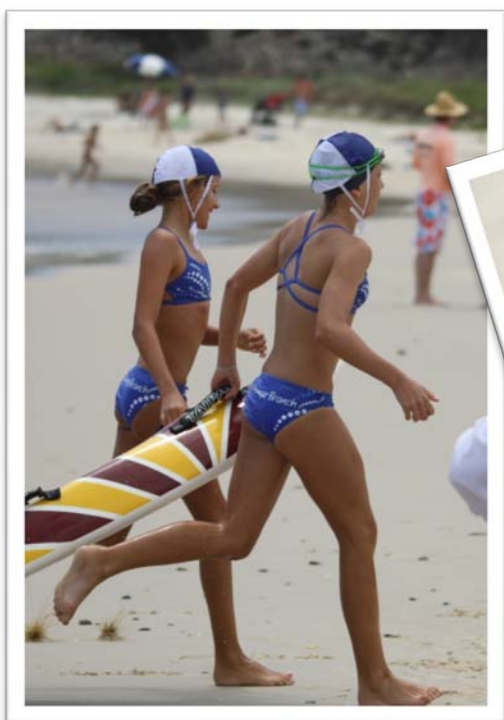

INTERBRANCH CHAMPIONSHIPS

The Interbranch Championships are fast becoming one of the favourite events on the surf sports calendar. This event is now used as one of the selection events for the SLSQ State Teams. Our members and clubs have actively supported the Interbranch Championships and each season we have an increase in competitors wishing to be part of the team.

Over the last 2 seasons we have had the same support staff and their support of the team and Branch has been admirable. Our thanks to Mark Ross, Brett Ross, Sharon Ross, Chris Clouston and Rod Jones for their efforts in coaching and managing the team.

Point Danger Branch was fortunate enough to have two sponsors for the team – long term sponsor Ocean Kayak supported the Branch again and new sponsor Carrara Markets also contributed funds to assist the team. This generous support allows the Branch to outfit the team and staff.

Over the last two seasons the Interbranch Championships introduced Pool Rescue competition. Our competitors greatly improved on last season's results. The Branch will be purchasing Pool Rescue competition items in season 2012/2013 to assist in training and development of our athletes.

SURF RESCUE CHAMPIONSHIPS

Surf Rescue Championships continues to gain popularity within the Branch with an increase in competitors this season. Whilst we have an increase in the Champion Lifesaver event, the Patrol Competition event remains stagnant. To alleviate this the Branch will allow composite teams in this event for competitors and have also successfully campaigned to have this introduced at a State level. Our members went on to the Queensland Surf Rescue Championships with excellent results. Our congratulations to Mariah Jones (TH&C SLSC) who won Silver in the Australian Under 19 Female Champion Lifesaver.

SURF SPORTS OFFICIALS

The Branch ran two officials courses this season with 28 members attending the courses. To date 11 of these members have finalised their accreditation. This is a slight decrease on last season from 20 members.

A Level 2 course will progress this season at SLSQ and the Branch has identified one official to attend this course. Further, 2 current officials have been identified by SLSQ as mentors for officials and will progress their duties this season.

The Branch has been proactive in recognising our officials for their long hours on the beach and Officials Long Service awards have been awarded. These awards are given to officials who give 5 years and above as an official. Congratulations to the following members.

Very Real Results....Surf Sports

11 Events Run by PDB	11 Aussie Masters Gold Medals
22 QLD Masters Gold Medals	7 Aussie Gold Medals
18 QLD Champs Gold Medals	5 QLD Junior Champs Gold Medals

Point Danger Branch clubs have remained consistent in their surf sports pursuits over recent seasons. This season saw an increase in medals gained at both the Queensland and Australian Championships. In master's competition – medals gained at Aussies remained the same as last season and there was a slight decrease on medals gained at Queensland Masters (decrease of 3). Our master's competitors continue to represent well for their clubs. Congratulations to Currumbin SLSC on winning the 2012 Queensland Championships Handicap Pointscore.

QUEENSLAND AND AUSTRALIAN DEVELOPMENT SQUADS

Season 2011/2012 has seen a number of Point Danger Branch competitors chosen in State and National squads. Our congratulations to the following members

JUNIOR ACTIVITIES

In season 2011/2012 Junior Activities in Point Danger Branch has progressed well. The Board of Junior Activities has been proactive in their management of nipper activities. Junior clubs have again been actively sending members to courses including Officials, Age Managers and CPR courses.

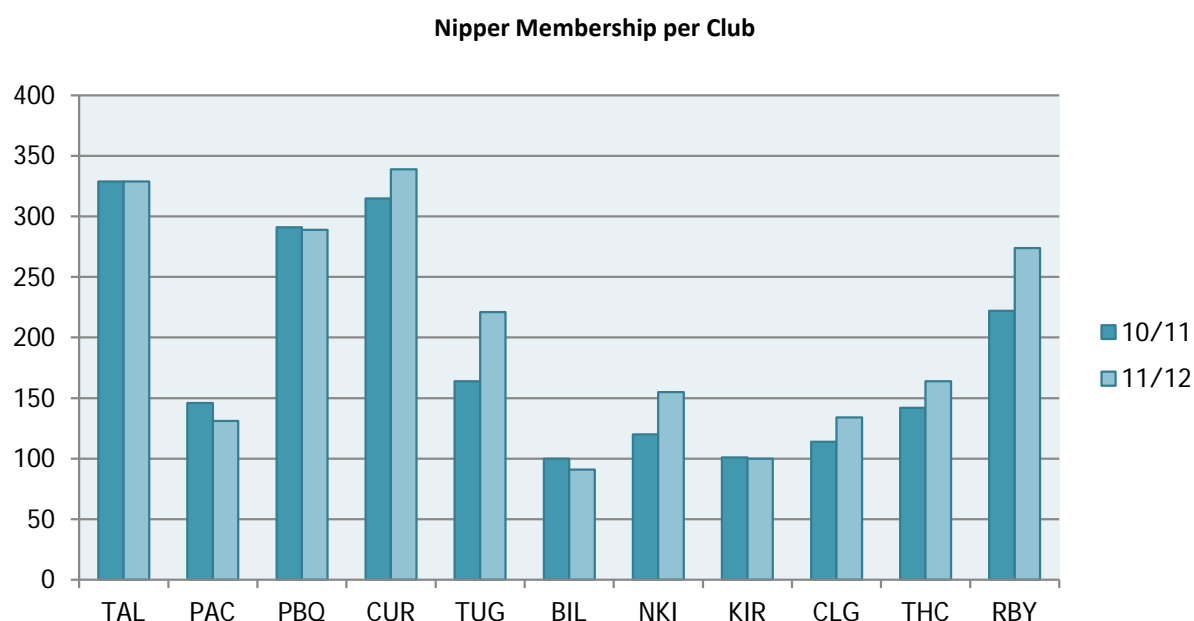

Congratulations to Harrison Barnes (North Kirra SLSC) who was a finalist in the Queensland Under 14 Junior Lifesaver of the Year award.

This season was the first season that the Branch held CPR courses for the Under 13 Nippers. This was done to alleviate the pressure on clubs and assist them in training their nippers in essential life saving awards that were prerequisites for age awards. This initiative was well received and will be continued in coming seasons.

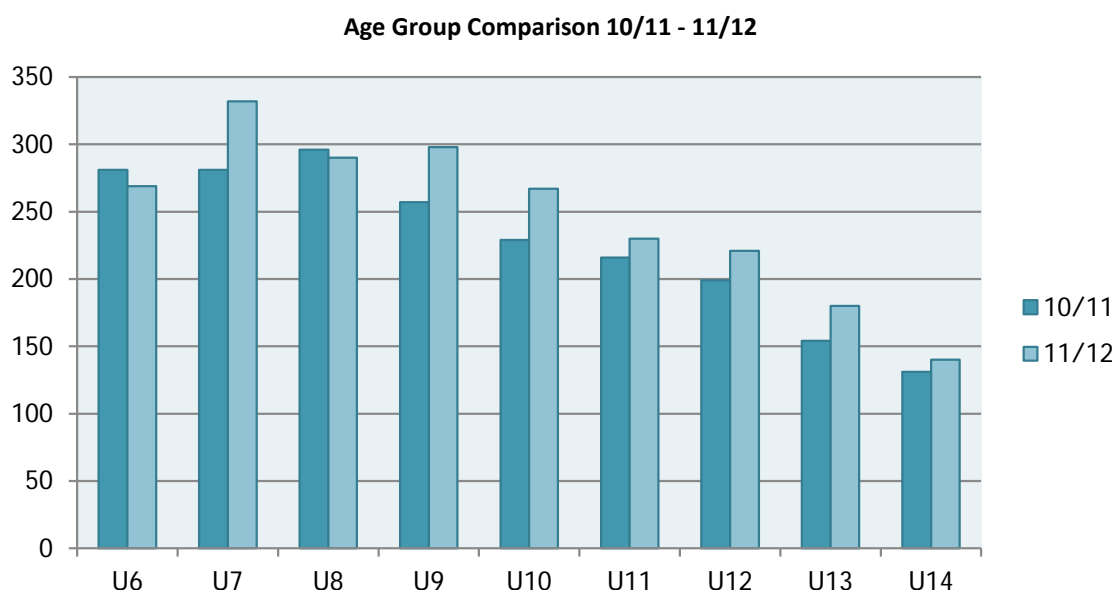

Several years ago the Branch embarked on hosting a Junior Information night for our nipper committees. This program involves all clubs and gives the branch the opportunity to present information to new and existing committee members, answer questions and outline the administrative necessities as it relates to nippers. This program is now replicated across the State.

MEMBERSHIP

Season 2011/2012 saw an increase in nipper membership across the Branch. The Branch finished the season with 2,227 nippers. This is an increase of 183 nippers from season 2010/2011. Six of the eleven clubs have shown an increase in membership, with all other clubs showing a slight decrease. The largest membership growth can be attributed to Tugun SLSC (24.79% increase)

Out of the nine age groups in the Nippers – only the Under 6 and Under 8 age groups have shown a decrease in memberships. All other age groups have posted an increase. The largest increase was in the Under 7 age group (51 members).

JUNIOR AWARDS

At the commencement of each season the Branch conducts reviews on the Junior Committees to determine the need for Age Managers courses. In recent seasons a large number of courses have been held to ensure that our clubs are compliant in this regard. There were 6 courses held in season 2011/2012 with 67 members attending. Of these members, 57 have completed all components of their Age Manager award. This takes the total of Age Managers in the Branch to 286. We also have 3 new Course Presenters in the Age Managers Accreditation that will assist us in running courses in the future.

The clubs of Point Danger Branch trained and assessed

- 1,642 nipper age awards this season (an increase of 2 awards on last season).
- 150 Surf Rescue Certificates assessed for the nipper age groups.
- 2,090 pool evaluations
- 1,497 beach evaluation
- 1,412 competition evaluations

Changes occurred this season with the addition of a competition evaluation for Nipper members. This was introduced to ensure that our littlest members could safely complete competition distance swims prior to entry into surf sports events.

AWARD	No GAINED	AWARD	No GAINED
Surf Play One	186 (239)	Surf Safe One	235 (199)
Surf Play Two	220 (247)	Surf Safe Two	197 (186)
Surf Aware One	239 (268)	Surf Smart One	185 (169)
Surf Aware Two	246 (230)	Surf Smart Two	134 (102)

The numbers in brackets represent awards gained in season 2010/2011

JUNIOR SURF SPORTS

Point Danger Branch hosted four junior carnivals this season, these were

- PDB U8-U10 Teams Carnival @ Currumbin SLSC
- Little Dudes Carnival @ North Kirra SLSC
- PDB U11-U14 Championships @ Coolangatta SLSC
- PDB U8-U10 Carnival @ Kirra SLSC

The Point Danger Branch U8-U10 Teams carnival is the smallest event of the season. This event is used to train our new Level One Officials (who do the course the day prior) and also gives the new age managers and our new nippers a chance to learn the ropes of surf sports in a small and relating environment.

The Little Dudes Carnival attracts the most competitors (averaging 650 – 700 per season) and is the only event we invite other Gold Coast based clubs too. This carnival is for individual events only which ensures we finish in the necessary timeframes.

The PDB U11-U14 Championships are always well patronised by the clubs and this event is used to determine the restricted entry's for Queensland Junior Championships. The Branch Board of Junior Activities has continued the tradition of meeting after the U11-U14 Championships to discuss and determine the restricted entries to ensure representation from all clubs.

Our smallest competitors again contested the PDB U8-U10 Carnival and as always, each competitor was awarded a participation medal for their efforts.

As a whole, conditions for the junior carnivals this season were far more favourable than in previous seasons which allowed us to get all events completed with little to no problems. Positive feedback has been received from a number of members and clubs and we will continue to work towards improving all of our surf sports events.

QUEENSLAND JUNIOR CHAMPIONSHIPS

Again, the Point Danger Branch clubs were represented well at the Queensland Junior Championships – hosted by Maroochy SLSC. The results were admirable in testing conditions. We also had a number of officials at the carnival, with 4 Point Danger Branch officials in major positions – Stuart Hogben (Deputy Referee), Peter Donnelly (Sectional Referee) and Peter Della Ca (Sectional Referee) and Nigel Ward (Chief Judge)

2011/2012 U14 Junior Lifesaver

Harrison Barnes (North Kirra SLSC) was named the
Point Danger Branch 2011/2012 Under 14 Junior
Lifesaver of the Year and was a finalist for the SLSQ
Under 14 Junior Lifesaver of the Year.
Harrison is a dedicated member who competes for
his clubs, has gained all nipper awards and attends
youth development camps.

YOUTH DEVELOPMENT

Youth Development has gone from strength to strength in Point Danger Branch with participation at an all time high. This has been further cemented with the addition of the Point Danger Branch X-Treme Youth Development Program (see Development Officers section for full details).

We have continued the joint events with South Coast Branch (under the banner of Gold Coast Youth Development) and these have progressed well. Point Danger Branch members have been represented at all of these events.

DEVELOPMENT OFFICERS

Point Danger Branch was extremely fortunate to gain funding from Sport and Recreation Queensland to hire development officers to assist our clubs in their day to day operations. This is the first time a Branch of SLSQ has been granted such a large amount of money to contribute to the development of their clubs.

The Development Officers have embarked upon a number of programs designed to assist clubs, promote lifesaving and develop members for lifesaving including the following:

SCHOOL TALKS

In discussions with clubs it was identified that more liaison with local schools was needed. To this end the Branch sought to educate school students of all ages in Surf Awareness and the virtues of Surf Life Saving. Their school talks are interactive with the students and teachers and each student is left with an information pack for their use.

The success of this program was evident from the responses received and schools who booked in. From September – December this program visited 18 schools and reached 6,228 students.

X-TREME – YOUTH DEVELOPMENT PROGRAM

Point Danger Branch embarked on its inaugural Youth Program aimed at teaching members aged 15 – 18 essential lifesaving and leadership skills whilst exposing them to other facets of our organisation. As such a relationship was forged with the SLSQ Operations Support, PDB trainers and Assessors and other outside agencies to take this program forward. The program was themed per month and included the following

- October – Introduction Night and IRB Crew courses
- November – 10 pin bowling and Radio Month (Police/Social Behaviour Talk, Visit to Surfcom)
- December – Operational First Aid and CPR
- January – Silver Medallion Basic Beach Management & Advanced Resuscitation Techniques
- February – Operational Support Month and IRB Drivers course
- March – Helicopter Awareness Month with Helicopter Demo
- April – Presentation

We had 28 participants in this program who gained 102 lifesaving awards:

IRB Crewman	16	IRB Driver	5
Radio Operators	16	Marine Licence	5
CPR	17	First Aid	7
Training Officer (TAE)	7	ART	18
Beach Management	16		

LIFE SAVING AND TITANS PARTNERSHIP

In season 2011/2012 Point Danger Branch facilitated a relationship with the Gold Coast Titans to promote life saving in partnership with a significant Gold Coast sporting organisation. Titans players were allocated a club and a number of the first grade players have attended functions, nipper days and membership open days.

Further, the Titans have allowed us to have “Life Saving” themed days at Skilled Stadium which included collections for Surf Girls, club run fundraising BBQ’s, participation in half time entertainment and lifesaving collateral given out to supporters and fans.

The Titans have been generous in their support of Life Saving with the following events

- Titans Golf Day – lifesaving display and Surf Girl collections
- Administrators Lunch – brief on the program given to the Administrators at the Centre of Excellence
- Fundraising BBQs on home game days

Point Danger Branch organised for the Maroochydhore SLSC youth members to visit with the players during their recent visit to the Gold Coast. The A Grade Team had lunch with the kids after a tour of the Centre of Excellence.

Forty Seven members of the Titans Football Club including players and staff were all trained in CPR.

NIPPER CPR

In an effort to assist the clubs with the awards for their nippers, the Branch added Nipper CPR courses to the annual training calendar. These courses trained the Under 13 nippers in the Resuscitation Certificate and also allowed trainers to run these courses and gain their necessary awards.

Six courses in total were held over the September and Christmas School Holidays. Overall the Development Officers trained 78 nippers in this essential award.

This program was well received and will be run in season 2012/2013.

CLUB SUPPORT

The development officers have assisted the club in a number of ways including

- Training Room clean ups
- Resource Folders for Training rooms
- Liaison with Club Administrators and Trainers in relation to training and education
- Delivery of awards and resources
- Grant Applications and Support Letters
- Award Nominations
- Running of needed courses at clubs and assisting with probationary trainers
- Creation of Old Boys Program (a program designed to encourage ex-lifesavers to come back as Patrol Captains)
- Assistance with Schools Programs at clubs
- Club reviews and statistical analysis

GENERAL ACTIVITIES

- Multicultural Programs
- Japanese Homestay program
- Presentation to Channel 9 Executives
- Assistance with Surf Girl Fundraising

The provision of funding from Sport and Recreation has certainly allowed Point Danger Branch to further its vision and introduce new programs that can assist the clubs in their daily operations. Feedback has been positive from all clubs working with the staff in needed areas.

HONOURS AND AWARDS

In season 2011/2012 a number of our members have received recognition both internal to surf life saving and in the general community.

SUMMER SURF GIRL

This season SLSQ Point Danger Branch was lucky enough to have a Summer Surf Girl Entrant – Samantha Fien (daughter of Life Member Ray Fien).

Samantha organised a number of events throughout the season to raise money on behalf of SLSQ Point Danger Branch and its affiliated clubs. These events included

- Water Safety Ocean Classic – Bilinga SLSC
- The Smurfs Movie Night – Coolangatta Cinemas
- Boardies Golf Day – Robina Lakelands Golf Course
- Wine and Cheese Night – rainbow Bay SLSC
- Halloween Disco – Scouts Hall Coolangatta
- PDB Christmas Party – Border Park Race Course
- Alvin and the Chipmunks Movie Night – Coolangatta Cinemas

- Bingo Night – Pacific SLSC
- Titans BBQ – Gold Coast Titans Centre of Excellence
- Wine and Cheese Night – Kirra SLSC
- Lifesaving Day – Skilled Park Robina
- PDB Life Members Function – Tugun SLSC

Samantha also participated in a number of events to promote lifesaving – these events were staged in Brisbane and Gold Coast and included

- Gold Coast Show
- State Lifesaving Conference – Alexandra Headland
- Up the Tower - SLSQ
- Gold Coast 600 – Surfers Paradise
- Deadly Sports – Warwick (promoting the benefit of sport)
- Making Waves – Currumbin SLSC (promoting lifesaving with culturally diverse backgrounds)
- Refugee Camp – Tallebudgera SLSC
- Learn, Earn Legend – Pacific SLSC (Indigenous Program with the Titans)
- Water Safety Presentation – Wivenhoe Dam
- Lifesaving and Titans Launch – Centre of Excellence

Samantha's goal was to raise money on behalf of all the clubs of Point Danger Branch. To this end over \$5,000.00 was raised and will be used by the Branch to run Patrol Captains and Trainer & Assessor workshops.

She continues to be an enthusiastic ambassador for Surf Life Saving devoting her time to a number of pursuits including patrols, youth, assessing and competition. Our thanks to Samantha for the funds raised and her representation of Point Danger Branch.

TALLEBUDGERA SLSC

Tallebudgera SLSC's priorities for the season 2011/2012 were as follows

- Introduction of single administration
- More adherences to stated budgets
- Office Bearers to take ownership of their area of responsibility.

Some areas are still a 'work in progress' however Tallebudgera SLSC believes they are close to where it needs to be as one of the larger clubs on the Gold Coast. A number of members of the Committee were green when the season started and there was a shuffling of the deck chairs half way through, but overall they have performed well.

Once again Tallebudgera Beach was fatality free, which in the end is why the club exists and the rest is just a by product. The patrolling members did themselves proud with at times some ordinary conditions to watch over and a number of successful rescues performed. One of our newest bronzies earned himself the moniker of the 'dark cloud' as every time he went on patrol there was a rescue. All however were completed successfully.

Tallebudgera SLSC was well represented in the competition arena with good performances from the IRB Racing at the IRB Australian Championships last winter and the summer competitors doing well again at a number of Carnivals. Congratulations also to Tallebudgera SLSC's first home grown Ironwoman with Tenille Devine earning a spot in the Nutri Grain Ironwoman Series this season.

The Nipper section continues to grow and they also had their most successful competition season on the beach and in the water. Congratulations go to all Club Coaches, Age Group Managers and Managers.

Tallebudgera SLSC was well supported once again by Sponsors, respective Government Representatives and the Tallebudgera Supporters Club. Without the support of these people we are not able to provide the Community Service that we do.

Thanks also go to the Branch for their assistance over the season.

PACIFIC SLSC

Season 2011/2012 has been one of major change both inside the club with a changing of the Executive Committee and outside with the many building works that have been undertaken.

With the primary focus of moving forward Pacific SLSC achieved some small but significant steps in the right direction. First and foremost the patrols have continued as they have for many years with exceptional commitment yet again by the volunteer patrolling members. A total of 77 members have patrolled this season.

The club has maintained high nipper numbers throughout the season and has seen a change in administrative practices within the junior ranks. Pacific SLSC nippers have competed at local and state events.

On the building scene, once again this season has brought about many new and exciting changes to the Pacific SLS Clubhouse. The bunkrooms have been completed and fully fitted out. The members' lounge has now been finished with the flat screen television and lounges in place. The kitchenette has also been installed and is ready for use. The fire alarm system has been overhauled. Also, the external doors leading from the Members' Lounge and First Aid Room have been replaced making them much more secure and user friendly.

The kitchen in the Supporters Club area has now been expanded to include a glass washer, exhaust fans and stainless steel deep fryer. A cold room has been installed which is fully functional and more recently a range oven and grill plate have been added.

Finally, the deck has a roof which will provide some much needed shelter from the elements but still gives the option of enjoying the sun and fresh air whilst still allowing plenty of natural light into the Club.

Without financial support from outside sources the club would struggle. Pacific SLSC have had a number of financial supporters over the year and the club and its members are thankful for this support.

Thanks go to the members of Pacific SLSC for their efforts over the past 12 months, the support of Management Committee. The club will continue to move forward in positive directions in the many years to come.

PALM BEACH SLSC

Thanks to the efforts of all active members this season, Palm Beach SLSC continues its record of no loss of life in the patrol area. With strong, continued commitment from regular members, travelling from as far away as Warwick and Brisbane, the club had another successful season. Patrol numbers were boosted again this year with the addition of three new Bronze groups going through. This season saw some of the most testing conditions with huge swells, but the patrol groups all rose to the challenge. On the days that the beach was closed, the surveillance patrols continued to perform difficult rescues; board riders and jet skis being the main victims of the heavy seas, demonstrating the commitment, dedication and high level of competency of the Palm Beach SLSC lifesavers.

This year, nipper numbers were full to capacity and it was very apparent throughout carnivals and nipper days that many future champions were in the making. The Junior Committee did an outstanding job this year.

Palm Beach SLSC competitors, from Nippers through to the Senior's all performed well in competition at every level and the club was well-represented in most events. There were a number of Gold, Silver and Bronze Medals attained through competitors' outstanding performances.

The club is fortunate to have financial support from a number of areas.

- McLaughlin Lawyers - donated a \$16,000 rescue boat and motor.
- Neumann Petroleum/Matilda Service Stations – fuel and oil
- Telstra – lifesaving equipment

The community once again, got behind Palm Beach SLSC volunteers by donating generously at various venues throughout the season. Big W continued their strong support by organising collections at the entry to many of their stores. Masters Home Improvement in Nerang and Officeworks at Burleigh both kindly allowed Palm Beach SLSC to run BBQs at their premises. Palm Beach SLSC thanks all of these businesses for their great generosity. Continued financial support from the Supporters Club occurred throughout the season. This extends to the sensational food and service that the General Manager and staff have provided for patrol groups on duty, the Annual Dinner and for Committee Meetings.

Final thanks go to the Point Danger Branch for their ongoing administrative and financial support and to Surf Life Saving Queensland, Surf Life Saving Australia and the Queensland Government for their continued support and assistance with grants and donations.

It's exciting to see where the club is now going. A Committee has been working on our future renovations. Pending the final approval of a government grant and council approvals, the Club should see these changes start to occur within the next 12 months. Finally, it has been an honour to work with a group of such dedicated and loyal members who have given up their time to serve the community and to ensure that Palm Beach continues to be regarded as one of the safest beaches for all to enjoy.

CURRUMBIN SLSC

This season, the safety of Currumbin beach was left in the very capable hands of some 300 patrolling members, who again selflessly gave of their time to keep the general public out of harm's way. The club is indebted to its Club Captain and Vice Captain for their herculean efforts. Currumbin Beach was patrolled to the highest standards with an average mark of 97% during inspections by Point Danger Branch. This is testament

to the Patrol Captains and patrolling members and the way that they have been trained and encouraged. Patrolling members, who give of their time voluntarily simply because they love their beach, is what Currumbin is, and has always been, all about.

Competitively, the club met with success this year on all stages. The 12th placing at the Australian Championships was a wonderful result. It is difficult to compete with those clubs who have huge budgets and can seemingly "buy" their way to success. What they will never understand is that there is nothing like the satisfaction in winning simply because of absolute pride in the colour of the cap that you wear. For all of those competitors who had that pride this year, the club thanks you. The successes achieved this year were in no small part because of the fantastic coaches the club are lucky to have assisting our competitive members.

The Management Committee has made some pivotal decisions in relation to the club's future this year. An example is the decision to purchase commercial premises at Traders Way in the Currumbin Industrial Estate. The facility is to be used to store surf lifesaving equipment, competitive craft and surf boats together with a gymnasium for competitive and patrolling members to use. Ultimately, the facility will be an asset owned by the Surf Club and against which other investments might be secured. There has been support for an area on the ground level of the club where members can relax and congregate, perhaps after patrol and certainly after carnivals. A new agreement with the personal trainers will see us sharing the space at the oceanside of the club so that members will have access on the weekends predominantly. That area will remain as a vibrant hub for the wider Currumbin Community to come to train and enjoy the beautiful surroundings we have to offer.

There are always reminders when engaging with the Management Committee and Surf Club members just what a depth of experience and wisdom exists within the Currumbin SLSC membership. There is truly nothing that the club cannot achieve our minds are put to it. Thanks goes to the Management Committee who give up so much time to take the responsibility to guide the Club forward.

As much as we have had a very successful year, it has not come without its share of tragedy and difficulty. Currumbin SLSC also extends sincere condolences to the family of Clyde Psaltis. For anyone who has ever been truly involved in the club, in many ways it is like a family. Losing one of our own is always very hard. Let the club be a rallying point and the place where the best memories can start to come.

TUGUN SLSC

With the 2011/2012 patrol season completed, thanks to all of Tugun SLSC members for giving up their time to patrol and watch over the bathers who frequented Tugun beach. The nipper parent patrols must also be thanked as they set a great example to younger members coming through and help fill in the gap left when carnivals are on.

The Club Trainers have been very busy this season helping Tugun SLSC members gain 460 awards and proficiencies, whilst also upgrading their own accreditations. Congratulations to all club trainers for their continuous hard work throughout the year.

Surf Sports continues to develop at Tugun SLSC. All club coaches should be congratulated on the efforts they have put in this year in their different fields. Tugun SLSC has a very dedicated coaching personnel who strive to get the best out of our athletes.

The Australian Championships saw the Club on the podium 6 times to collect medals.

- 3 x Gold – Open Men's Board, Open Lifesaver Relay, Open Men's 2 km Beach Run
- 1 x Silver - Open Ironman
- 2 x Bronze - U19 Ladies Beach Relay, Mixed Double Ski

While at the State Championships, Tugun SLSC came away with 13 medals being 6 Gold, 2 Silver & 5 Bronze.

This season, the Nipper Committee have done an excellent job in halting the decline in membership and brought enthusiasm back to the kids. The kids seemed to have a great time throughout the year and the club looks forward to an even better season next year.

With the appointment of a new manager earlier this year and taking back the kitchen, the Supporters Club has a new positive direction, a very exciting time indeed. The club is up in income over all areas which is very pleasing.

Thanks are extended to all the Committee and Sub-Committees for their work throughout the year as you give of your time freely to make Tugun SLSC a better place. I also wish to thank the Point Danger Branch for their continued support and especially to Kerrie Barnes for all of her assistance throughout the year.

BILINGA SLSC

The 2011/2012 season has finalised at Bilinga SLSC with no lives lost between the flags due to the dedicated vigilance and service of Bilinga Surf Lifesavers. The Club Captain, worked tirelessly to coordinate patrols with much appreciated assistance from Point Danger Branch, Currumbin SLSC and Brisbane Surf Lifesaving.

Bilinga SLSC Management Committee worked well together towards the common goals of the clubs with two members holding dual positions within the club and performing them admirably.

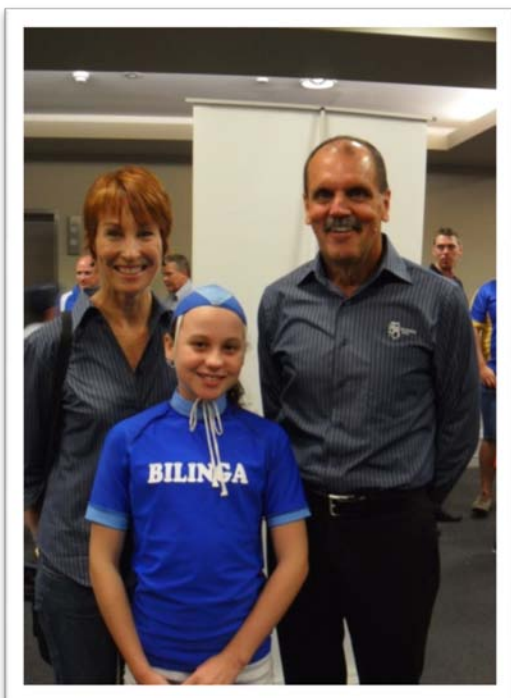

The Club Chief Training Officer worked hard for hundreds of hours training members to obtain a multitude of awards including 4WD Inductions which is becoming an additional requirement for surf lifesaving. The Bilinga members are always keen to learn new skills and to this end 67 senior awards were gained during the season.

The Bilinga SLSC Nippers are progressing brilliantly due to the efforts of the Junior Activities Committee members, Age Managers and trainers alike. The Club Coach worked diligent with board and surf training which assisted in developing the skills of our youngest members. Bilinga SLSC is now considering a development squad for future carnivals to assist in encouraging members to train, compete and participate in events.

Finance and fundraising through many avenues is continuous and ongoing. The club has obtained grants through Queensland Government, Gold Coast City Council and support from corporate supporters and assistance from Point Danger Branch. All of these avenues of funding are vital to Bilinga's further growth.

Bilinga's in-house fund raising is also very diligent, with Coolangatta Gold, House to House at Coolangatta Airport and the function area. All members participate keenly in these activities to ensure that the club is financially sound.

In the future, Bilinga SLSC hopes to add a gear room extension. Space for patrol equipment, training equipment and Junior Activities is now at a premium and the club has identified a need to alleviate this. Bilinga's building committee is perusing grants of up to a quarter million to ensure that the job is completed.

NORTH KIRRA SLSC

Another successful season has been enjoyed by the members of North Kirra SLSC, the Club has maintained modest growth over the past 12 months with more members becoming actively engaged in the operation and management of the Club. The main administrative highlights for the year were

- The updating and acceptance of the Clubs Strategic Plan for the next 5 years
- The successful renewal of the clubs Lease agreement with the Gold Coast City Council for another 15 year term.

The patrolling season had a slightly bumpy start, this quickly settled down and North Kirra SLSC ended the year with 114 members participating in patrols throughout the season. It is particularly pleasing to note that the Active Cadets and Active Juniors accounted for 35% of the club patrol hours for the season, these young members provide an excellent platform for the Clubs future success.

North Kirra members have also attended the State Leadership Excellence Program and the National Leadership College in 2012, both initiatives will be of benefit to the members of North Kirra and Surf Lifesaving.

The Club ran a number of successful U14 and Cadet development programs and camps throughout the season and this has resulted in a very active group of young lifesavers, as a result more and more members are attending Carnivals, where the club has enjoyed some outstanding individual and results.

North Kirra SLSC Nipper program continues to expand and thanks go to all of the committed parents and Nippers for their enthusiasm and involvement, North Kirra SLSC has already commenced preparations for next season which will be starting earlier to accommodate our eager competitors.

The North Kirra Supporters Club continues to provide the necessary funding that is critical to our ongoing growth and improvement, the past year has seen a slowdown in visitor numbers to the Club, but the Management and staff have been up to the challenge and we thank them for their support.

Thank you, to all North Kirra SLSC members for your hard work and assistance throughout the season and also to Point Danger Branch and our sister Clubs for your continued support.

KIRRA SLSC

The 2011/2012 season had some challenges for Kirra SLSC, but thanks again to the dedication of the patrol teams they again provided the safest areas for the public to swim. The area north of the flags, the wide open stretch was covered thanks to the gift of a new ATV from Surf Life Saving Queensland through the Department of Community Services More Beach Under Guard funding.

Four Thousand Five Hundred (4,500) hours of patrols were carried out by 103 of patrolling members. Training and Education continues to be a focus of Kirra SLSC with over 60 new senior awards were gained over the past season.

The club had some major incidents on the beach this season and the members performed admirably during these rescues. A special mention to North Kirra SLSC, who assisted the club during the season when patrols and members were called upon to respond to some major incidents.

In the Surf Sports area Kirra SLSC continues to increase the amount of coaches and officials at the club. As a result of these initiatives it will be pleasing to see results in the competition arena.

Off the beach, the club have now completed the renovations in the Supporters Club and will soon see the positives from this in the future.

On behalf of Kirra SLSC thanks are extended to Point Danger Branch, Surf Life Saving Queensland Gold Coast City Council and the Queensland Government.

As the 2012/13 season is approaching, Kirra SLSC's priority is to develop and increase membership numbers, with particular focus in the youth area. The club will continue to support its members by providing them with the best resources available to assist them in their training and education in becoming better lifesavers.

COOLANGATTA SLSC

It is that time of year when Coolangatta SLSC reflects on and reviews the performance and achievements over the past season. Once again, the club has continued to improve on the performance of the previous season across all areas of activity including beach patrols, training and awards, fundraising and engagement with the local community organisations and events.

It is most pleasing to report another year without a fatality on Coolangatta Beach. Beach Patrols and protecting the surfing public is the core reason for being and this year we have witnessed some outstanding rescues and wonderful examples of preventative actions displayed by Patrol Captains and teams.

The total membership has increased by over 13 % with good growth in nippers, juniors and senior Membership. Some notable achievements for Coolangatta SLSC include

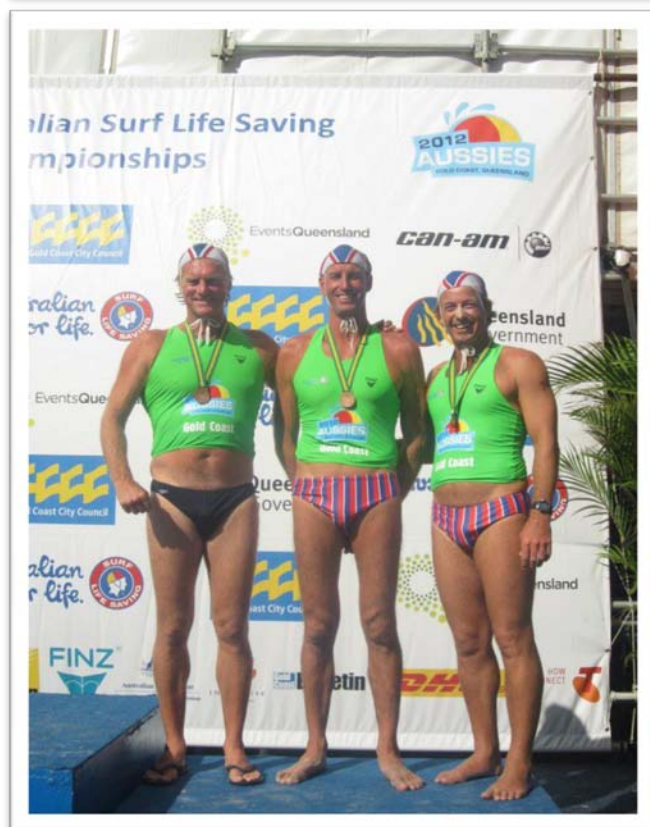

- Youth Development : Awarded Best YIPS Club on the Gold Coast
- Summer Surf Girl : Carly Flood crowned as Miss Personality.
- Surf Sports : Success in Nipper and Senior Competition and members holding Australian Titles.

The Junior Activities Section have achieved great results and the growth in this section gives a great deal of confidence for continued growth in the total membership .

Coolangatta SLSC was fortunate in receiving a number of grants with the highlight being the Queensland Sport & Recreation Funding for upgrading of member facilities, first aid & training rooms and followed by an ATV, Patrol Tower and Rescue Boards.

The club is finishing the season on a high in most areas of operations and it is comforting to know that Coolangatta SLSC will commence the new season with first class patrol gear and equipment and with little need other than normal maintenance.

All in all a very important and exciting time for Coolangatta SLSC members and the above comments really confirms our ongoing development of the Club with a view to become a benchmark in our community. Finally, the club will continue to promote and focus on The 4 R's ...Recruiting, Retaining, Recognising and Rewarding our Volunteer members.

TWEED HEADS & COOLANGATTA SLSC

2011/2012 saw TH&C SLSC begin a second century of patrolling Greenmount Beach, with a slight increase in membership throughout the Club.

Club members successfully undertook 6,415 patrol hours throughout the season with 11 rescues and 1,606 preventative actions conducted and 192 first aid cases treated with 166 being for marine stings.

TH&C SLSC patrol members showed renewed commitment to their patrol duties resulting in the club gaining high marks during patrol inspections and members increasing their knowledge and skills levels by attaining 268 new awards; including 24 new Bronze Medallion holders.

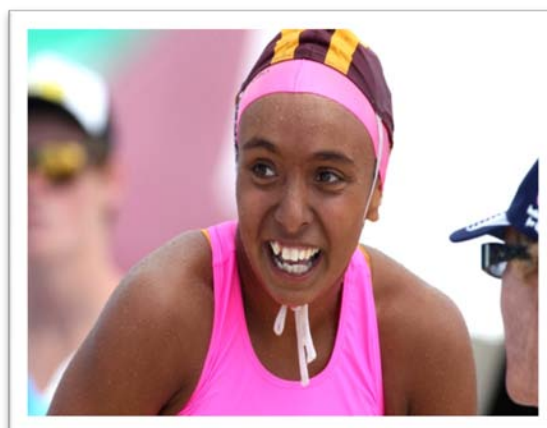

There were many highlights during the season including the following:-

- Pool Rescue finishing 7th overall at the Australian Titles, being 3rd in the women's division.
- Leah Jones and Kendal Fitzgibbons winning gold and breaking the Australian record for the U15 Female Line Throw.
- Kendal Fitzgibbon's gold in the U15 Female 200m Obstacle Race.
- Mariah Jones selection the U20 Pool Rescue Development Squad that travelled to New Zealand.
- The selection of 6 club members in the Point Danger Branch Team.
- Mariah Jones selection in the Queensland State to contest the Interstate series in Sydney, our 1st representative since 1995.
- Nippers finishing 3rd at the Branch Nipper Titles with Jay Rich gaining bronze in the U12 Board Race at the State Titles.
- The performances of Master's competitor, Ruth Kemp once again winning numerous medals at the State and Australian Masters Titles.
- The clubs first gold medal in a surf event in 60 years and our first ever medal in the Champion Lifesaver event at the Australian Surf Life Saving Titles with Mariah Jones winning the U19 Female Surf Race and 2nd in the U19 Female Champion Lifesaver, resulting in Mariah being selected in the National High Performance Squad.
- Our Miss Summer Surf Girl, Tia McLaren raising \$21,000.00 towards the Building Fund.
- Runner Up Club of the Year in the Youth Involvement Program.

The Board of Management is very proud of all of the club member's achievements throughout 2011/2012 and hope that the current trends continue in the upcoming season.

Futuristically the club will focus on building renovations, approval has been given by the Board of Management for the Building Committee to seek funding for the proposed renovations to the Club.

Thank you to Point Danger Branch for their assistance with the Club. Their support throughout the season is greatly appreciated.

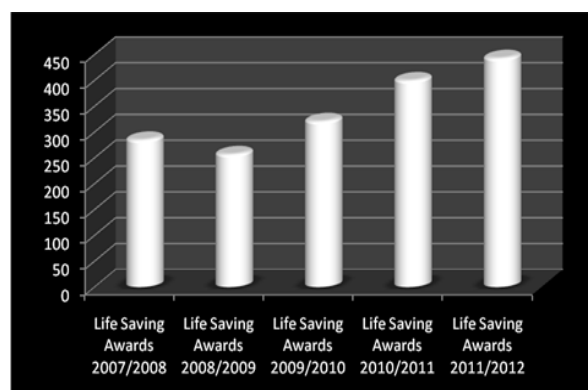

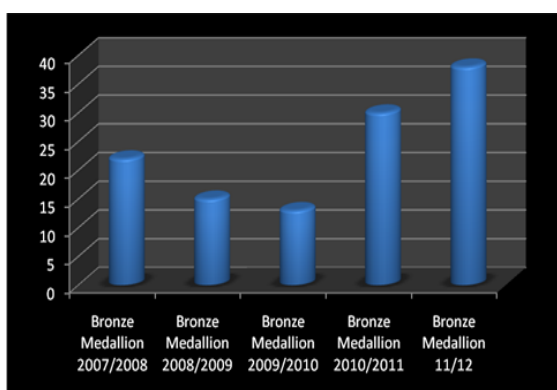

RAINBOW BAY SLSC

Rainbow Bay has experienced another enormous season with no lives lost. This is largely due to the dedication and self sacrifice of the club members. A number of Rainbow Bay SLSC members took time out to further extend their qualifications skills by gaining SLSC awards, this will not only benefit the members themselves as patrolling members but will assist the Club in coming seasons.

This year Rainbow Bay SLSC worked collectively towards several clearly defined goals. The clubs main objectives for the season were achieved

- increase club membership
- to increase member awards,
- to increase our competition strength in Surf Sports..

This year's goals to increase members and member's awards from that of the previous year have progressed as planned. The clubs overall performance in this area is attributed to the dedication and positive attitude of our club's facilitators, assessors and trainers.

The third goal to increase Rainbow Bays competition strength in Surf Sports saw some outstanding results this season. Rainbow Bay competed in most areas of competition; Junior Activities, Seniors, Masters and the Surf Boat competition arena. This year the club saw outstanding achievements by competitors resulting in many members reaching finals and resulting in Australian, State and Branch Gold, Silver and Bronze medals.

Rainbow Bay was fortunate enough to start the 11/12 season with 3 new IRB motors and a new ATV all purchases through funding from the Qld Community Benefit fund , the DES/SLSQ More Beaches Under Guard grant plus help from several club sponsors. Further the Club gained a grant for a solar roof panel package through the State Government's Solar Sports and Communities Grant program.

The Rainbow Bay Supporters Club has continued to move from strength to strength again after another relatively hard year. The Quicksilver/Roxy Pro event saw a multitude of patrons visiting our club bar and restaurant. The Supporters Club provides support to the surf club in many different ways; from running several events throughout the year to providing the Surf Club several donations. Donations to the club this season totaled some \$415,700.00 against a previous year of some \$361,700.00. Further, in May 2012 Rainbow Bay SLSC made its final payment of a \$850,000.00 loan, taken out some 6 years ago when the club undertook refurbishment of the Supporters Club/facilities, well done to all members.

Finally special mention must go to Gold Coast City Council, the Queensland State Government and Victory Ford for their continued support here at Rainbow Bay.

POINT DANGER BRANCH ANNUAL AWARDS 2011/2012

Audit Report

Scope

I have audited the financial report, being a special purpose financial report comprising the Statement of Financial Performance, Statement of Financial Position, and Notes to the Financial Statements of for the year ended 30 April 2012. The management committee is responsible for the financial report and has determined that the accounting policies used and described in Note 1 to the financial statements, which form part of the financial report, are consistent with the financial reporting requirements of the branch and are appropriate to meet the needs of the management committee. We have conducted an independent audit of the financial report in order to express an opinion on it to the trustees. No opinion is expressed as to whether the accounting policies used are appropriate to the needs of the management committee.

I disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the management committee, or for any purpose other than that for which it was prepared.

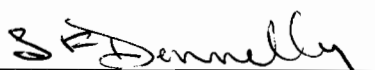

My audit has been conducted in accordance with Australian Auditing Standards. My procedures included examination, on a test basis, of evidence supporting the amounts and other disclosures in the financial statements, and the evaluation of significant accounting estimates. These procedures have been undertaken to form an opinion as to whether, in all material respects, the financial report is presented fairly in accordance with the accounting policies described in Note 1 to the financial statements. These policies do not require the application of all Accounting Standards and other mandatory professional reporting requirements in Australia.

The audit opinion expressed in this report has been formed on the above basis.

Audit opinion

In my opinion, the financial report presents fairly, in accordance with the accounting policies described in Note 1 to the financial statements, the financial position of SLSQ Point Danger Branch as at 30 April 2012 and the results of its operations for the year then ended.

Signed on: 12 June 2012

SLSQ POINT DANGER BRANCH INC
Notes to the Financial Statements
For the year ended 30 April 2012

Note 1: Summary of Significant Accounting Policies

The SLSQ Point Danger Branch Inc prepared the financial statements of the branch on the basis that the branch is a non-reporting entity because there are no users dependant on general purpose financial statements.

The financial statements are therefore special purpose financial statements that have been prepared in order to meet the requirements of the constitution, the information needs of the stakeholders .

The financial statements have been prepared in accordance with the significant accounting policies disclosed below, which the SLSQ Point Danfger Branch Inc Management Committee determined are appropriate to meet the purposes of preparation. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes. The accounting policies that have been adopted in the preparation of the statements are as follows:

(a) Property, Plant and Equipment (PPE)

Property, Plant and Equipment are carried at cost or at independent or SLSQ Point Danger Branch Inc Management Committee valuation. All assets, excluding freehold land and buildings are depreciated over the useful lives of the assets to the branch.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the income statement. Each year the difference between depreciation based on the revalued carrying amount of the assets charged to the income statement and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

The carrying amount of plant and equipment is reviewed annually by SLSQ Point Danger Branch Inc Management Committee to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have not been discounted in determining recoverable amounts.

(b) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the balance sheet.

(c) Revenue and Other Income

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

SLSQ POINT DANGER BRANCH INC
Notes to the Financial Statements
For the year ended 30 April 2012

Interest revenue is recognised using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Revenue recognised related to the provision of services is determined with reference to the stage of completion of the transaction at the reporting date and where outcome of the contract can be estimated reliably. Stage of completion is determined with reference to the services performed to date as a percentage of total anticipated services to be performed. Where the outcome cannot be estimated reliably, revenue is recognised only to the extent that related expenditure is recoverable.

All revenue is stated net of the amount of goods and services tax (GST).

(d) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the balance sheet are shown inclusive of GST.

(e) Employee Benefits

Provision is made for the liability for employee entitlements arising from services rendered by employees to balance date. Employee benefits have been measured at the amounts expected to be paid when the liability is settled, plus related costs.
