7.4 EDUCATION OFFICER

Michael Kearney

- Please see notes from the recent SLSQ Education Panel Meeting

Documentation Review

The new First Aid documents (Provide First Aid, Provide Advanced Resus, Provide CPR, Provide Advanced First Aid) were presented and endorsed by the Panel subject to a few changes.

Key change to the above resources was instead of ticking for compliance, you would cross only if the candidate didn't perform correctly.

Given the new AID units of competency, Ken Clark has offered to run a training session for key TAF's at SLSQ and then it is to be branched out to all TAF's within each branch.

Resources

Bronze Resource is being reviewed with a new blue book to be released shortly

Chain of survival is to slightly change to align with the above First Aid resources

Powerpoints to be updated.

Annual Proficiency

Theory was decided to be included, however a clear focus on a reduction of questions noting

IRB problems last year.

We are targeting 20 - 25 questions total for all awards.

It was proposed by the Ed Panel to do away with the Pool Swim for proficient members.

This is subject to approval by LSC which is likely to be hotly debated.

Therefore, status quo remains until advised in writing via SLSQ Proficiency Circular.

Key here was to align with national standard (SLSA do not require annual pool swim).

Circular from SLSQ is to be clear and concise with clear standards stipulated - align with National Standards.

Online - SLSQ will remove the "do not print certificate" comment as requested by PDB.

IRB Proficiency

Proposal to be sent to IRB Panel that members be given the option to complete a log book of training / driving / water safety.

Should this be undertaken (onus is on individual member to log sufficient hours), member will not have to complete annual practical proficiency.

Subject to IRB Panel endorsement and LSC Approval.

LLN Upgrade

LLN unit of competency was to be introduced by 1 July 2014.

However ASQA have put this on hold and therefore TAF's do not need to be upgraded at this point in time.

May still be required by 1 July 2015, but focus is currently on AID UoFC upgrade.

BSZ, TAA Upgrade to TAE

2 resources have been created by Inzone Training (a consultant employed by SLSQ).

1st resource is an RPL Process and 2nd resource is a RCC with training for those UoC's not held.

Cost of this would be split approximately 50/50 between SLSQ and candidate (noting branch / club may elect to pay candidates share).

Ed Panel advised SLSQ to run a report and send out proposal to Branches.

Branches to advise their preference list of candidates.

Probationary TAF's

SLSA require a minimum number of probationary assessments before a probationary TAF can become a fully qualified TAF in each.

However, SLSA do not stipulate a minimum number of probationary assessments for TAF's in subsequent awards.

It was proposed that the probationary assessments for subsequent awards are eliminated on the basis that the TAF's have the respective skills to undertake their TAF role and hold the award they are training/ assessing / facilitating in. This will be put to LSC. This is a minimum standard and as always branches keep control of this process and ensure that TAF's are competent to undertake their respective role and can impose probationary processes as they so desire.

Compliance Rates

Karen will send to me for review, and I'll on send.

PDB (as we know) were looking pretty good.

Cert II Upgrade

There are still several members who are financial and proficient that do not hold their Cert II. These include Matthew Kirkham (Cooly), Wayne Donnelly (Kirra), Paul Capper (Kirra), Derek Melling (NK), Scott O'Neill (PBQ), Anthony Buckingham (Tugun), Sascha Lahey (Tugun).

A resource has been created to up skill these persons. I am not sure why Rick Melling is showing up as I personally put him through his Bronze and should hold a Cert II. May be similar issues with others.

These members (and any other non Cert II holders) are not to complete a proficiency next year unless they complete the upgrade.

BRANCH NOTE : PLEASE BE ADVISED THAT DEREK MELLING (NKI) AND SASCHA LAHEY (TUG) HAD DUAL DATABASES, THESE HAVE BEEN MERGED AND THEY HAVE CERTIFICATE 2'S.

SLSQ By-Laws Amendment

Despite previous feedback, SLSQ Board endorsed the changes to the By Laws whereby it states 6 Regional Reps.

If Brisbane is included as a region, PDB / SCB are consolidated as a region.

Both PDB and SCB had strong objections to this proposal and asked for feedback to go to the board.

In addition, anyone from any region can apply and it does not have to go to that Region / Branch office for endorsement beforehand.

Furthermore, 6 reps could possibly all come from one branch / region.

I asked for these concerns to be again raised directly to the Board.

Pete Lucas advised that it was the intention of one rep from each region, but I told him the new By Laws do not specify that.

Gold Medallion

To be aligned to a UoC

UoC was reviewed and does not increase the standards / paperwork requirements, noting ASQA have actually used our resource as the basis of the UoC.

TAF Proficiency Agenda

TAF Proficiency Agenda was reviewed and will be similar to previous years.

Option for CTO's to attend branch run TAF Proficiency Day and roll out in Clubs.

This would work well for SCB who have a large number of TAF's.

PDB can still run it at a Branch level which appears to work well for us.

ATV Proficiency

Due to a problem with Surf Guard, the current coding does not make the ATV award not proficient when the licence expires.

Therefore at the present time, an annual proficiency is to be raised upon the individual members drivers licence being sighted (i.e. no practical actually required).

Admin and IT Panel has sent recommendation to SLSA to do away with this as it is a huge onus on Clubs.

In the meantime, Clubs must review licence expiry dates and raise a proficiency for members who still hold a current drivers licence.

Renewed licenses are to be shown to Club CTO / TAF to raise proficiency.

Bronze / Cert II

A review is currently being undertaken by ASQA on the mandatory / elective UoC in the Cert II Public Safety.

SLSQ are participating in this review and have suggested that the First Aid package is to be incorporated in to the Cert II.

This is on the basis that ~60% of the Apply First Aid award is already included in the current Cert II.

In addition, this reduces the onus on Clubs at a patrol level (i.e. having to have a Bronze AND First Aid, etc) as these would be consolidated.

However, this would add another day / half day to the Bronze Course. In addition, Bronze assessors would have to hold AID UoC as detailed above.

Alternatively, there could be an individual First Aid assessment in the middle of the Bronze Course to ensure the final assessment does not go for an excessive period of time.

This proposal has a long way to go, having to be approved by ASQA, SLSQ LSC and National LSC but happy to have the CTO's thoughts.

Nationally Recognised Training versus SLS Awards

All awards were reviewed to determine whether UoC's are to be gained in addition to SLS Award.

IRB Panel to consider whether Crew and Drivers awards need to be aligned.

Answer may be yes due to SLSQ being/ wanting to be an EMQ service provider.

Review is following the Policy and Safety Review by Cabinet which recognised voluntary organisations are losing members due to compliance.

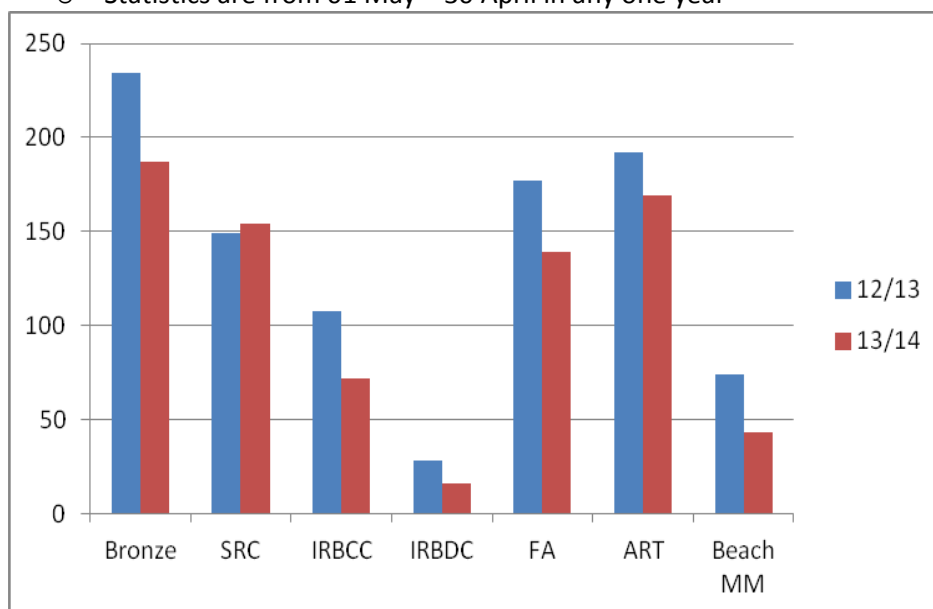

Pressure is being put on AQTF / ASQA to only change awards when absolutely necessary and a benefit is evidenced.
 It is recognised that SLSQ need to get better in their award documentation and make it as streamlined as possible.

 - No report

- 7.6 IRB OFFICER** **Dave Fisher**
 - No Report

- 7.7 FIRST AID OFFICER** **Steve Muller**
 - No report

- 7.8 EXAMINATION OFFICER** **Kerrie Barnes**
 - **General Activities**
 - Continuing work on upgrading assessors and trainers
 - Liaison with a company for FULL Cert 4
 - **Recommendations/Correspondence**
 - Paperwork issues – club generation
 - **SLSQ Meetings**
 - Admin and IT – 19.12.14
 - Error stats were given out. 79 errors in award processing across the State from July – December 2013. 1 of these as PDB’s. Congratulations to all clubs and members on their hard work
 - **General Issues**
 - Continuing issues with paperwork that need to be addressed. This is happening regularly as the paperwork comes in with feedback to given to specific clubs/assessors/trainers.
 - Have been working on updating all trainers and assessors with the correct awards (see General Business)
 - Awards to date
 - Please see awards compared to last season (as at 31.01.14)
 - Statistics are from 01 May – 30 April in any one year

6.1 TALLEBUDGERA SLSC

- See attached

6.2 PACIFIC SLSC

- See attached

6.3 PALM BEACH SLSC

- A lot of courses happening
- Things are going pretty well
- Shortage in IRBC & IRBD but it is covered by courses in progress

6.4 CURRUMBIN SLSC

- see attached

6.5 TUGUN SLSC

- 1 crewies course in progress
- More to start over winter
- Hopefully 12 trainers for Nippers
- 5 motors now
- First Aid mroom refurbishment almost complete

6.6 BILINGA SLSC

- Patrol hours will be in line with all other clubs next season

6.7 NORTH KIRRA SLSC

- See attached
- 2 new drivers, halfway through Drivers course
- Bronze course just completed

6.8 KIRRA SLSC

- See attached
- 7 nippers parents gained SRC to help with nipper water safety
- 5 new bronzies
- Lost 1 patrol group, down to 11

6.9 COOLANGATTA SLSC

- Overall pretty good, maintained 14 patrol groups
- 4 bronzies coming through, ART course coming up

6.10 TH&C SLSC

- No report

6.11 RAINBOW BAY SLSC
